Vote: All in favor. Motion passed.

#### AGENDA ITEM 2 - Regional Director's Report - Sylvia Kwan, FAIA

Regional Director Kwan was absent; nothing new to report.

#### AGENDA ITEM 3- Regional Chair's Report – Tara Rothwell

Regional Chair Rothwell was absent; nothing new to report.

Interim Chair Fritz congratulated Executive Committee Member Feng for his recognition of receiving the President's medal.

#### AGENDA ITEM 4- Financial Reports- Catherine Fritz, Secretary/Treasurer

Secretary/Treasurer Fritz the financial report to the membership:

The Balance Sheet as of May 22, 2022, was provided in the meeting materials for the membership.

#### Also provided:

- The Profit and Loss statement for October 1, 2021 May 22, 2022
- The Profit and Loss statement for the previous fiscal year of October 1, 2020 September 30, 2021

As of May 22, 2022, total assets from both the checking and savings accounts total \$122,692.82.

Erny asked if WCARB will be receiving any additional revenue for the current fiscal year.

Gonzales explained NCARB's the accounting practices when sending out jurisdiction dues invoices versus when WCARB's fiscal years begin.

Kolejka asked for clarification on why some jurisdictions show \$8000 versus \$4000. Fritz and Gonzales explained the timing of when jurisdictions pay versus when fiscal years begin.

For example, NCARB sends out dues July of every calendar year but WCARB's new fiscal years don't start until October of every calendar year. Therefore, it is a monthly date difference when viewing the financial reports.

#### AGENDA ITEM 5- 2022-2023 WCARB Budget

Secretary/ Treasurer Fritz thoroughly explained each line item of the budget for the upcoming fiscal year, October 1, 2022- September 30, 2023, that was approved by WCARB members in March.

Page **2** of **9**June 04, 2022

#### AGENDA ITEM 6- Review, discussion, & vote of proposed Bylaw Amendments

Sams explained the proposed revisions to WCARB Bylaws that were presented at the March 2022 Regional Summit Meeting in Charlotte, NC.

#### **Resolution 1**

Page **3** of **9** June 04, 2022

#### **Resolution 3**

(Option 1)

Reason for Revising ARTICLE XII RULES OF THE REGION: Revise the Rules of the Region to allow the Executive Committee the flexibility to address current issues that challenge the governance of WCARB. Examples include virtual meetings, travel restrictions, etc.

Revise ARTICLE XII RULES OF THE REGION to read: The Western Region shall adopt reasonable rules necessary for the administration of these Bylaws. These rules shall be adopted by majority vote of the Executive Committee at a meeting of the Western Region and amended in the same manner.

(Option 2)

Reason for Revising ARTICLE XII RULES OF THE REGION: Revise the Rules of the Region to allow the Executive Committee the flexibility to address schedule issues that challenge the governance of WCARB.

Revise ARTICLE XII RULES OF THE REGION to read: The Western Region shall adopt reasonable rules necessary for the administration of these Bylaws. These rules shall be adopted by majority vote of the members for Articles 1 through 8 at a meeting of the Western Region and by a majority vote of the Executive Committee for Article 9 Schedule and amended in the same manner.

Motion: To adopt Resolution 3- Option 2

By: Allison McClintick (ID) Second: Mike Kolejka (AZ)

**Vote:** All in favor. Motion passed.

#### **AGENDA ITEM 7- WCARB State Reports & Laudatories**

Interim Chair Fritz asked members to present their state reports.

**Alaska**: Neal explained the regulation project passed to allow landscape architects to sit for the LARE with no experience. Another change allows more exam options for structural engineer by comity applicants. Another regulation project passed is to allow staff to approve comity applicants who apply with a model law NCEES record, NCARB certificate or CLARB council record.

On the legislative front, HB61, a proposed bill to add Interior Designers as a licensed profession under the AELS board did not pass out of the legislature this session.

Page **4** of **9**June 04, 2022

**Arizona**: Stapley explained the Arizona board mark-up of one architect member and six public members. Arizona did a digitization of 1.4 million board documents. Will be moving to an e-licensing system next fiscal year pending the Governor's approval of the appropriated budget.

**California**: Feng explained the board is implementing legislation signed by the Governor last year that would require licensees to complete five hours of continuing education (CE) on the topic of zero net carbon design.

**Colorado**: Morissette stated Colorado wants to create a task force to review their statutes and regulations against all model law changes that were adopted last year.

**Guam**: Gutierrez stated Guam board has gone digital with their applications and accepting online payments.

**Hawaii:** Matsushima explained Hawaii's rule amendments and they have a 14-member board. Fujiwara recognized Sandy's retirement and expressed Hawaii's appreciation of him and service to WCARB.

**Idaho:** Maulin stated Idaho combined the Idaho board of Architectural Examiners and the Idaho board of Landscape Architects into a single board to regulate architects, architect interns, landscape architects, and landscape architects in training. This legislation will facilitate efficient licensing and oversight from the Division of Occupational and Professional Licenses.

**Nevada:** Erny explained the Nevada board is transferring to a new database and vendor. Completed the practice of analysis for the licensing of residential design and in the process of rewriting the exam and revisiting the educational experience aspects of the requirements of being a residential designer in the State of Nevada. Kim Ciesynski is retiring off their board in the Fall.

**New Mexico**: Oschwald expressed the successful operations of the board completed by Melarie while short staffed. He explained the change of legislation of the Uniform Licensing Act due to the nursing shortage and turnaround time to license a nurse resulting in a negative effect it caused on all boards and commissions in New Mexico. He explained how monitoring legislation is very important for all boards.

**Northern Mariana**: Fleming reported the launch of an integrated program that interconnects with multi-agencies for each agency to share data in licensing, accept applications online, show the status of an application, and provide approval of licensees. NMI's website is getting updated and will be shown on a map to show where NMI is located. Fleming explained the challenge of not having online payments.

**Oregon:** Howard explained Oregon's similarity with Colorado on model law. She discussed the Law Review Committee conducted a thorough review of the Oregon

Page **5** of **9** June 04, 2022

Revised Statutes related to the practice of architecture. A draft Legislative Concept was submitted to the Governor's office for consideration by the Legislature in 2023.

**Utah:** Carson stated in the past some Legislators have pushed for deregulation of licensing and have initiated an audit on all licenses of the state and specifically reducing barriers between states of the duration of time it takes to get licensed.

**Washington:** Storvick stated their board will also be reviewing their statute and rules like Colorado regarding model law. Washington's Attorney General's Office has been reviewing drawings and submissions differences between architects and engineers.

Their agency has been reorganized consolidating staff and divisions within their department.

Harm recognized Rick's retirement and expressed Washington's appreciation of him and service to WCARB.

Interim Chair Fritz recognized and presented the laudatory certificates to Richard Alexander (OR) and Kimberly Ciesynski (NV).

#### **AGENDA ITEM 8- Volunteers for WCARB Committees**

Interim Chair Fritz discussed the list of each WCARB committee.

Chair Rothwell will need to call for volunteers for strategic plan objective 2.b1.

#### AGENDA ITEM 9- Strategic Plan 2022-2023 Actions

Secretary/Treasurer Fritz provided an overview of the strategic plan.

Objective 1.a1- Executive Committee Member Feng discussed the WCARB continuing education townhall on climate resiliency.

Member Roberts discussed objective 1.b1 committee members met with NCARB on licensing trackers and the licensing tool requirements NCARB's website offers for all jurisdictions.

#### AGENDA ITEM 10-2023 Regional Meeting Discussion-Educational Topics

Feng would like to discuss climate change and resiliency.

Add to supplemental exam or possibly ARE and legislative issues and/or topics.

#### AGENDA ITEM 11-NCARB Visiting Team

Alfred Vidaurri, NCARB President, Bayliss Ward, NCARB 1VP, Mike Armstrong, CEO, Mary de Sousa, COO, Guillermo Ortiz de Zarate, CIO, Josh Batkin and Andy McIntyre, NCARB Staff were present to answer any questions.

The Visiting Team answered questions about the proposed resolutions regarding DEI committee and the reciprocity between UK and NCARB, and the MRA agreements. Armstrong confirmed the dates for March 2023 Regional Summit is March 2-3, 2023, in Honolulu and virtual participation is optional. Member Board Chair and Member Board Executives meeting will be in Salt Lake City in October 14-15, 2022.

Page **6** of **9** June 04, 2022

Interim Chair Fritz thanked the Visiting Team for stopping by Region 6.

#### AGENDA ITEM 12&13-New Business/ Old Business

No old business or new business.

The 2023 Nevada Legislative Session began on February 6. This was the first time since 2019 that people were allowed to assemble in the building. We are tracking at least 15 BDRs related to Boards and Commissions. However, there is no publicly available language yet.

#### Miscellaneous

Governor Lombardo signed two executive orders on January 12, 2023. Both executive orders reaffirm his commitment to streamlining regulations and licensing processes in Nevada.

In Executive Order 2023-003, Governor Lombardo ordered freezing the issuance of new regulations and requiring a review of existing regulations by all executive branch agencies, departments, boards and commissions.

In Executive Order 2023-004, Governor Lombardo directed all Nevada occupational and professional licensing boards to suspend the issuance of any new regulations, show cause for all occupational licensing requirements and to provide a recommended pathway for facilitating licensure reciprocity. The Board will be providing two reports by the April 1 and May 1 deadlines, as directed by the Governor's office.

The Washington Board conducted four virtual board meetings in 2022. The board staff continue to work remotely, and the board remains fully operational in the remote environment.

HB 1399 went into effect January 1, 2022, reducing barriers to licensure for individuals with previous criminal convictions. An individual with a criminal conviction may submit a preliminary application to the DOL for a determination of whether that criminal history will disqualify the individual from obtaining a professional license prior to submitting application materials or paying any licensing fees.

The Board welcomed new Board Member Erica Loynd in June 2022. Ms. Loynd brings over 20 years of professional experience to the Board and has a dedicated interest in diversity, equity and inclusion, particularly furthering the interests of minority businesses and professionals in the design and construction industry.

The Board said goodbye to it's long-time Executive Director, Rick Storvick, with his retirement in August. Mr. Storvick shared the Board's passion for advancing the field of Architecture including the commitment to increasing the pathways to licensure and growing the number of licensed architects in Washington state.

The Washington Board for Architects participated in an outreach event with the Washington Association of Building Officials (WABO) in Spokane, WA October 27-28, 2022, in collaboration with the

Washington State Engineer's board. Board members and staff participated in a panel discussion and were able to provide answers to many of the design profession questions that building officials struggle with as the law in Washington leaves a lot of flexibility for interpretation. This event provided a critical building block toward establishing a greater relationship with the building official community to address design and construction related issues throughout the state and the region.

The Washington State Department of Licensing (DOL) that supports the Washington Board for Architects completed a functional realignment in 2022 and created a unit specializing in board and commission support to directly support the administrative work of the nine boards and commissions housed within the DOL. This team was fully staffed by October 2022, with additional staff fulfilling the Executive Director role to better support the Board and their goals. Mr. Storvick's successor is expected to be on board within the next month.

# WCARB Region 6 Elections

#### **WCARB Election Process**

The Regional Chair will designate two members from the Executive Committee and/or the general membership to serve on the Election Committee. The Election Committee oversees the elections by passing out the ballots, counting the ballots and reporting the outcome of the ballots to the membership.

### There are three election types:

- 1. Regional Director
- 2. Executive Committee
- 3. Executive Committee Leadership

#### Nominations for Regional Director and Executive Committee:

Regional Director: The Chair will open the floor for nominations for candidates for the position of Regional Director. Candidates for Regional Director should receive a nomination and a second from a member of Region 6. After all the candidates for Regional Director have been nominated and seconded the Chair will close the nominations for Regional Director. (Please have the person who nominates and seconds the candidate state their name and jurisdiction for the record).

Executive Committee: The Chair will open the floor for nominations for candidates for a position on the Executive Committee. Candidates for Executive Committee should receive a nomination and a second from a member of Region 6. After all the candidates for Executive Committee have been nominated and seconded the Chair will close the nominations for the Executive Committee. (Please have the person who nominates and seconds the candidate state their name and jurisdiction for the record).

### **Nominee Speeches:**

After the nominations for Regional Director are closed, the Chair will invite the candidate(s) to speak briefly before the membership to tell them why they want to serve the region as its Regional Director.

After the nominations for Executive Committee are closed, the Chair will invite the candidate(s) to speak briefly before the membership to tell them why they want to serve the region on its Executive Committee.

#### **Elections**

The Election Committee will oversee the elections for the Regional Director and the Executive Committee by passing out, counting and reporting the ballot results to the membership: first the Regional Director, then the Executive Committee.

In the event there is no contested election, the Chair can call for a vote by acclimation.

### Nominations for Executive Committee Leadership:

<u>Executive Committee Leadership</u>: After the Executive Committee is elected then the Chair will go through the nominating, speeches and election process again for the positions of Chair, Vice Chair and Secretary/Treasurer. (Please have the person who nominates and seconds the candidate state their name and jurisdiction for the record).

#### Nominations for Chair of the Executive Committee

The Chair will open the floor for nominations for candidates for the position of Chair. Candidates for Chair should receive a nomination and a second from a member of Region 6. After all the candidates for Chair have been nominated and seconded the Chair will close the nominations for the Chair.

#### Nominations for Vice Chair of the Executive Committee

The Chair will open the floor for nominations for candidates for the position of Vice Chair. Candidates for Vice Chair should receive a nomination and a second from a member of Region 6. After all the candidates for Vice Chair have been nominated and seconded the Chair will close the nominations for the Vice Chair.

### Nominations for Secretary/Treasurer of the Executive Committee

The Chair will open the floor for nominations for candidates for the position of Secretary/Treasurer. Candidates for Secretary/Treasurer should receive a nomination and a second from a member of Region 6. After all the candidates for Secretary/Treasurer have been nominated and seconded the current Chair will close the nominations for the Secretary/Treasurer.

#### **Nominee Speeches:**

After the nominations for Chair, Vice Chair and Secretary/Treasurer are closed, the Chair will invite the candidate(s) for Chair to speak briefly before the membership to tell them why they want to serve the region as its Chair.

The Chair will then invite the candidate(s) for Vice Chair to speak briefly before the membership to tell them why they want to serve the region as its Vice Chair.

The Chair will then invite the candidate(s) for Secretary/Treasurer to speak briefly before the membership to tell them why they want to serve the region as its Secretary/Treasurer.

#### **Elections**

The Election Committee will oversee the elections for the Chair, Vice Chair and Secretary/Treasurer by passing out, counting and reporting the ballot results to the membership, first the Chair, then the Vice Chair and then the Secretary/Treasurer.

In the event there is no contested election, the Chair can call for a vote by acclimation.

This concludes the WCARB Election Process.

# REGION 6 WCARB EXECUTIVE COMMITTEE GOVERNANCE STRUCTURE & ELECTION PROCESS:

The Executive Committee of the Western Region shall be composed of five voting members – a Chairperson, a Vice Chairperson, a Secretary/Treasurer and two members. The five voting Executive Committee members shall be elected by majority vote of Members present at an Annual Meeting of WCARB. The Regional Director and the WCARB Executive Director shall serve as ex officio nonvoting members of the Executive Committee.

Executive Committee members shall be elected for a term of two years, three members to be elected in even numbered years and two members in odd-numbered years, to assure management continuity. A nominee for the Executive Committee must be a current active member of the nominee's respective Board. New Executive Committee Members shall assume office immediately following the adjournment of the next Annual Meeting of NCARB. A member of the Executive Committee who is no longer a member of their State Board may complete their elected term of service on the Executive Committee.

The Chair, Vice Chair, and Secretary/Treasurer shall be elected, by majority vote of Members present at the Annual Meeting of WCARB, from among the membership of the Executive Committee who will be in office immediately following the adjournment of the next Annual Meeting of NCARB. Their term of office will commence immediately following the next Annual Meeting of NCARB.

Any candidate running for the Executive Committee shall have the opportunity to address the membership. In the event of a tie in an election for a position on the Executive Committee, the candidate shall have the opportunity to readdress the membership, followed by another caucus of the membership. This process shall repeat until a winner is declared.

#### **WCARB CANDIDACY STATEMENT:**

Fellow WCARB; Region 6 Members.

I am both delighted and humbled to submit my name for consideration for the **WCARB Regional Directors** position. Since being appointed by the Governor to the Washington State Board of Architectural Registration in 2013 with each passing year I am more and more excited to be working with all the outstanding professionals with whom I am now associated.

We are all now coming out of what is arguable the most "unique" years many of us have had in our professional and personal lives dealing with all the COVID implications and the accompanying breaks to our routines inclusive of where and when we now work, and our children are educated. We are now positioning ourselves to "learn from the recent past and move forward". Due in large part to our organization's movement to virtual meetings many of you may have no idea who I am and what I hope I bring to our Regional Leadership/Partnership and our involvement and interactions with the larger NCARB community.

It seems like just yesterday, until I realize I am just fooling myself, and it was almost a decade ago that I was first nominated from the floor, without warning, by a Member Board Executive (MBE). In the now infamous "bite me" speech I spoke extemporaneously (thank you spell check and Seri) about my deep-seated commitment to this organization and my role in protecting the health, safety, and welfare of those individuals who work. live, and play in the buildings our agencies safeguard through our licensure processes. Back then I ascended to the role of WCARB Regional Chair for a one-year term in 2019. The following year I termed out of the Ex-Comm and decided not to make a run for the next step up as I had also changed jobs and felt I could not give it my all. Now years settled into my professional role and the other volunteer commitments I have I am fully prepared and committed to giving it my all if I am fortunate enough to gain your support in this election cycle.

I have made it a mission, both personally and professionally, of making those around me as successful as possible by removing obstacles that might impede their own efforts and recognizing and addressing impediments to our mutual success as early as possible and attacking them with unbridled enthusiasm, and candor.

Simply put, I really love what I am doing and hope all of you can see that in my eyes and the way in which I conduct myself.

I do, however live by the mantra of "we should expect more" and while I am excited about the activities of both WCARB and NCARB I believe there is so much more we can and should be doing and/or expecting from our organizations.

My primary concern is the belief that at both levels we should be seeking "added value" from both organizations which should pay an increased dividend to our individual state boards. Some of you may remember a while ago a very energetic and sometime heated (internal) debate regarding the value of the WCARB organization and questioning if it was an organization that should continue in the way it currently does. I believe this is still a valuable/timely undertaking and conversation and am convinced that both NCARB and WCARB can and should do more to provide value to our State Boards.

Lastly, I have truly loved all of my experiences within NCARB and more importantly WCARB and hope with your continued support and vote of confidence you can and should all "expect more from me" in being one of your representatives and pushing forward those items that are important within our regional organization. I am excited about our future and am looking forward to being an active (and sometimes vocal) proponent for increasing the value of WCARB.

Thank you all for your time and consideration,

Scott E. Harm, AIA, NCARB

Melarie Gonzales, Executive Director Western Council of Architectural Registration Boards, Region 6 3005 S St. Francis Dr. Ste 1d #467 Santa Fe, NM 87505

Dear Melarie and Esteemed Members of Region 6:

I appreciate the opportunity to request your support in my candidacy for the position of WCARB Executive Committee and Region 6 Chair position. It has been an exciting couple of years working on your behalf, and I very much would like to continue with the work and accept new responsibilities on your behalf. Over the past seven years, I've had the pleasure to get to know many of you and could not be more excited to serve while I can.

With NCARB and WCARB for 2022, I most recently completed last year with the experience committee as well as working with NCARB diversity committee, and the WCARB executive committee as the vice-chair.

I'm passionate about what I do, and the industry that I represent. I feel that my drive and passion will directly benefit members of WCARB through my ability to effectively communicate issues related to architecture and work collaboratively to further the mission of the organization.

In addition to serving the Utah Architects Licensing Board, and the NCARB and WCARB task forces, I have also been involved in several other board positions with AIA national as a Strategic Counselor, AIA Utah, Utah Center for Architecture, and ACE Utah. During this time, I've had the opportunity to be an influencer for positive change within the architectural community directly and indirectly.

In addition to my experience serving on the Boards mentioned above and, on my resume, I'm licensed in multiple states, understand NCARB reciprocity, and will be an advocate for WCARB goals.

I have a diverse set of skills that would be of value to WCARB and the concerns that affect our industry. This coupled experience will allow me to bring new ideas open perspective, and seasoned experience to the Region 6 stakeholders.

Thank you for your consideration.

#### Dear WCARB Colleagues,

I have been fortunate to serve on the WCARB Executive Committee since 2020, and have served as Secretary for the past 2 years. I am seeking your support to serve as WCARB's Chair for 2023-24.

The proposed changes to **NCARB's Governance Model** will have direct consequences and opportunities for WCARB. The draft bylaw change (Resolution 2023-E) will increase the number of At-Large Directors on the national Board to eight, thereby eliminating the current practice of the region electing a Director. This idea will certainly open up more opportunities for Board service in broader ways. But how will Region 6 hold on to its identity and how will our western perspectives remain included in the national dialog? **As Chair, my job will be to make sure that our members' voices are heard as the proposed changes are shaped.** 

WCARB's Strategic Plan (adopted in 2020) is a roadmap to accomplish the things that are important to us. We need to re-visit our priorities in context with the new governance model so we can proactively engage in the governance discussions, while also continuing to take action on tasks that help us be better regulators (like updating our website). As Chair, I will ensure that we make progress on our Strategic Plan Actions. I promise to help you remember what you signed up to work on! I will help translate the Strategic Plan into do-able tasks, while also pivoting quickly when unplanned issues or opportunities arise.

I remain committed to exploring WCARB's unique issues of diversity so as to **integrate diversity principles into actions that serve our mission.** I will continue to be at the table to address the challenges of participation in architecture schools, practices, and regulatory boards by underrepresented groups. As a member of NCARB's Examination Committee, I'm encouraged to see how free practice exams are benefitting candidates. There are other tangible things we can do to embrace DEI at all levels.

My enthusiasm for our work inspires me to serve and to lead. I am well organized, respectfully consider all views, and can motivate people to get involved. It's in my nature to be an active volunteer. If I'm going to give my precious time to participate, then I'm going to really participate!

Thank you for your thoughtful consideration. I would appreciate your vote for the position of WCARB Chair.

February 7, 2023

Dear Region 6 Colleagues,

I have enjoyed working with the leaders and staff of WCARB since I was elected as a member of the Executive Committee in 2021. Together we delivered our Strategic Plan's high priority initiatives such as last year's education program on Resilient Design Against Wildfires & Floods that responds to WCARB members' interest in staying abreast of critical topics. During my service to the WCARB, I have gained insights and heard concerns from our member boards and members regarding some policies and initiatives from NCARB. In response to these challenges and at the encouragement of current WCARB members, I am expressing my interest in taking on more responsibilities and playing a larger role in WCARB leadership. However, in order to continue my participation, our bylaws require that I must first be re-elected as an Executive Committee member since my initial 2-year term will soon end. I am hereby asking for your support for re-electing me as an Executive Committee member for one more term 2023-2025. If I am re-elected, I am also interested in serving as the Vice-Chair of the WCARB Executive Committee, and request your support for that position, as well.

NCARB is currently moving forward with the governance change initiative that has been outlined as Resolution 2023E. If it passes, it will be implemented over the next 5 years. During this process, there will be many foreseeable concerns from Region 6's perspective. I will leverage both my experience with NCARB, especially my current role as an active member of DEI Committee, and my decades-long experience in governance in my architectural practice to provide strategic support to WCARB in managing changes and transitions while maintaining its vitality. I will work diligently with Region 6 leadership to influence the proposed governance discussions so that Region 6 will come out as an winner of Resolution 2023E.

I am asking for your support for both re-election to the Executive Committee, and to the position of Vice-Chair. I look forward to hearing your thoughts on my candidacy and responding your questions and concerns.

Sincerely,

#### **COVER LETTER**

As a licensed professional with 18 years of experience in Arizona, I am grateful for the opportunity to submit my qualifications for secretary/treasurer of WCARB (region 6) executive committee. I have had the pleasure to serve as member-at-large on the WCARB executive committee for the past year. My goals are to continue to promote our region with the larger NCARB community and foster greater collaboration and exchange or critical ideas and issues between the regions.

Over the past 19 years, I have focused a large part of my career on Senior Living as my market sector specialty. I'm honored to lead an amazing team of talented architects, interior designers, engineers and consultants. This collaboration among numerous building professionals has resulted in over \$3.7 Billion of construction throughout the United States.

Of particular interest in my career has been the focus on equitable senior living. Recent polling has found over 35% of baby boomers age 65-75 have zero retirement savings. Another 30% are at risk of outliving their lifetime savings. This is very concerning both as an architect and citizen. This shortfall in retirement could lead to serious challenges for these seniors and the overall U.S. economy. My firm is working on creative solutions to provide attainable senior housing and services for this population. We are looking at existing class-B / C office developments, retail centers and other underutilized buildings as potential locations for these alternative retirement communities.

By utilizing existing infrastructure in new ways, we can deliver housing at lower costs. Relying on nearby restaurants, activity centers, fitness / therapy to support these retirement communities, helps support our seniors while also giving local business new customers and income.

Part of goal in designing more housing for our seniors is the need for more architects, engineers and building professionals. After the recession, we lost many in the workforce due to a downfall in construction. With the economy thriving again, we are in need of more designer professionals. I have served on numerous AIA State and NCARB National committees/task forces looking at ways to help reduce the timeframe needed for Architects to become licensed. I worked closely with Arizona's state chapter of the American Institute of Architects (AIA) to develop helpful licensure guides to help candidates through this daunting process.

I was honored to serve as Arizona's state licensing advisor for seven years. In addition, I've truly enjoyed serving on several NCARB committees and task forces focused on improving the licensure process for aspiring Architects. The result of these efforts is more candidates applying with the State licensing boards and obtaining their licenses to practice.

A recent NCARB study found it takes 12.7 years on average for someone to become an Architect (schooling, internship and examination). This process rivals many medical practices and curtails many who would otherwise like to join the profession. As a professional, I am committed to finding ways to help shorten this timeline to licensure. Serving on as the WCARB (region 6) executive committee would be an excellent opportunity to help foster this goal of increasing the number of licensed Architects and reduce the burden and time it takes to become a member of this great design community. This would yield a large potential membership pool to support the goals and mission of the AIA, NCARB and all the other collateral organizations.

Sincerely,

Whichael Koleton

# MEMBER BOARD MEMBERS, REGION 6, THE WESTERN COUNCIL OF ARCHITECTURAL REGISTRATION BOARDS

Dear Friends,

Much has transpired since we last broke bread and communed at the NCARB Annual Meeting in Austin, Texas. I have enjoyed several conversations with many of you throughout our region, and I echo the concerns you have shared with me regarding our history, unique geographic makeup, and voice on matters of reciprocal registration, both in and out of the country.

I stepped off of the board in 2016 to spend more time with my family and kids who were growing through middle and high school...and are now in college or graduating in May. This time was precious to me and my family, and I am so grateful that I could step back and invest that time more personally.

Now, after a great deal of consideration and encouragement, I have decided that it's time for me to focus, once again, on giving back to this profession that I love so much, in particular ensuring the safety and welfare of the public through regulation of the practice.

With gratitude for the trust and encouragement you have provided me in the past, I reflect on prior successes, including long-term strategic planning, white paper legislative talking points and videos, and the WCARB website. I humbly ask now for another opportunity to build on the great things we have already accomplished, as I hope to ensure that our unique region makeup is considered and heard in mutual recognition negotiations. I intend to fight for a jurisdiction-driven NCARB where all can contribute, be respected and recognized.

Sincerely, McARB, AIA, LEED AP

**TO:** Member Board Members, Member Board Executives, and

**Regional Officers** 

**FROM:** John Patrick Rademacher, NCARB, AIA, NOMA, NCARB Secretary

**DATE:** February 2, 2023

**SUBJECT:** 2023 Draft Resolutions for Consideration

At the NCARB Board of Directors January 2023 Meeting, the Board voted to move four draft resolutions to the membership for discussion and feedback. A fifth draft resolution, submitted for consideration by the Mississippi Board of Architecture, will also move forward to the membership for review and feedback accompanied by a statement from the NCARB Board and opinion from NCARB legal counsel. Per *NCARB Bylaws*, a resolution submitted by a Member Board automatically moves to review and discussion by the membership. These five resolutions will remain as drafts until the Board of Director's final review in April when they will decide the final content of the resolutions they wish to move forward to the membership for consideration at the June 2023 Annual Business Meeting.

All five draft resolutions are enclosed in this packet.

**Resolution 2022-A** is a proposal from the Mississippi State Board of Architecture to bring NCARB Model Law into closer alignment with Mississippi law, which would update the NCARB definition of responsible control to address concerns of the Mississippi Board regarding the clarity and specificity of responsible control language as amended by the NCARB membership at the June 2022 Annual Business Meeting. The position of the NCARB Board and legal counsel accompanies this proposal.

**Resolution 2022-B** is part of a multi-year effort to propose review and sunset of resolutions passed by the membership that no longer align with how NCARB operates today. This batch of resolutions focuses specifically on education policies that were passed between 1960-1999. Appendix C includes the list of resolutions.

**Resolution 2022-C** would sunset resolutions passed by the membership between 1960-1979 related to financial, records/process, experience, certification, and continuing education policies that no longer align with how NCARB operates today. Appendix D includes the list of resolutions.

**Resolution 2022-D** would update the *NCARB Model Rules of Conduct* to reflect modern practice and expectations regarding ethical conduct. The resolution proposes language be added to the *Model Rules of Conduct* to address acceptance of payments or gifts that may impact judgement, fraudulent or illegal conduct, and obligations regarding reasonable disclosure if environmental impacts of a project.

**Resolution 2022-E** would update NCARB's *Bylaws* to adopt a new governance structure for the Council to be reflective of modern governance best practices and incorporate diversity, equity, and inclusion in the Council's access to leadership roles and leadership structure.

#### **Next Steps**

We hope that you will take the time to review and discuss these draft resolutions with your fellow board members. We look forward to receiving your feedback and answering questions during the upcoming Regional Summit. Again, these drafts will undergo further discussion by the Board in April. At that time the Board will review Member Board feedback in determining the final composition of resolutions they determine should be forwarded for a membership vote at the June Annual Business Meeting.

In the interim, please feel free to contact Vice President of Council Relations Josh Batkin at <a href="mailto:jbatkin@ncarb.org">jbatkin@ncarb.org</a> if you have any questions or would like to discuss further.

#### FY23 DRAFT RESOLUTION OVERVIEW

At the January Board of Directors Meeting, the Board reviews proposed resolutions and determines which resolutions they would like to move forward to the membership for consideration. These resolutions are still considered drafts and are shared with Member Boards and Regions so they can provide feedback at the Regional Summit each spring. The Board will make final decisions on which resolutions to put forward at the Annual Business Meeting at the April Board Meeting.

This packet includes five draft resolutions (plus related supporting documentation as appropriate).

#### Resolution 2023-A: NCARB Model Law and Regulations Amendment – Responsible Control

The Mississippi State Board of Architecture is recommending that the definition of responsible control be updated to address concerns of the Mississippi Board regarding clarity and specificity of responsible control language as amended in June 2022.

Strategic Plan Objective:

Future-Focused Research and Development

#### Resolution 2023-B: Omnibus Sunset of Education Policy Resolutions

This resolution is part of a multi-year effort to review and sunset resolutions passed by the membership that no longer align with how NCARB operates today. This batch of resolutions focuses specifically on education policies that were passed between 1960-1999. Appendix C includes the list of resolutions.

Strategic Plan Objectives:

Stakeholder Systems, Tools, and Resources

#### Resolution 2023-C: Omnibus Sunset of Resolutions in Conflict With Current Council Policies

This resolution is part of a multi-year effort to review and sunset resolutions passed by the membership that no longer align with how NCARB operates today. This batch of resolutions focuses specifically on finance, the NCARB Certificate, processes, experience, continuing education, and records policies that were passed between 1960-1979. Appendix D includes the list of resolutions.

Strategic Plan Objective:

Stakeholder Systems, Tools, and Resources

#### Resolution 2023-D: NCARB Model Rules of Conduct Amendment – Ethics Updates

The FY22 Ethics Work Group is recommending that the *NCARB Model Rules of Conduct* be updated to reflect modern practice and expectations regarding ethical conduct. The resolution proposes language be added to the *Model Rules of Conduct* to address acceptance of payments or gifts that may impact judgement, fraudulent or illegal conduct, and obligations regarding reasonable disclosure if environmental impacts of a project.

Strategic Plan Objective:

Stakeholder Systems, Tools, and Resources

#### Resolution 2023-E: Amendment and Restatement of the NCARB Bylaws

The FY23 Governance Work Group is recommending that NCARB's *Bylaws* be updated to adopt a new governance structure for the Council to be reflective of modern governance best practices and incorporate diversity, equity, and inclusion in the Council's access to leadership roles and leadership structure.

#### **RESOLUTION 2023-A**

**TITLE:** NCARB *Model Law and Regulations* Amendment – Responsible Control

**SUBMITTED BY:** Mississippi State Board of Architecture

**WHEREAS,** the definition of "Responsible Control" in Section 103 Definitions of the NCARB *Model Law and Regulations* was amended in June 2022 upon recommendation of the Responsible Charge Task Force; and

**WHEREAS,** the Mississippi State Board of Architecture, upon research and review, has concerns that the current definition lacks clarity and specificity, which could hinder enforcement efforts and create confusion for licensees; and

**WHEREAS,** the NCARB *Model Law and Regulations* may only be changed by an absolute majority vote of the Council Member Boards (28 votes), with such change becoming effective at the time specified in this resolution.

#### NOW, THEREFORE, IT IS HEREBY:

**RESOLVED,** that Model Law Section 401. Seal of the NCARB *Model Law and Regulations* be amended as follows:

- 2) All Technical Submissions prepared under the Responsible Control of the Architect required by public authorities having jurisdiction for Building permits or regulatory approvals shall be sealed and signed by the Architect. By sealing a Technical Submission, the Architect represents that the Architect was in Responsible Control over the content of such Technical Submissions during its preparation and has applied the required professional standard of care.
  - <u>a.</u> An Architect may seal and sign Technical Submissions only if the Technical Submissions were:
    - i. Prepared by the Architect;
    - <u>ii.</u> <u>Prepared by individuals under the Architect's control, requiring as follows:</u>
      - a) Direct contact between the client and the Architect or the Architect's employee so long as the Architect has the right to control and direct the employee in the material details of how the work is to be performed; and
      - b) Involvement in the preparation of Technical Submissions prior to their completion; and
      - c) Review, or review and correction, of final Technical Submissions. Mere review of work prepared by others outside of the Architect's employ does not constitute control.

- <u>iii.</u> Prepared by another Architect licensed in this or any Jurisdiction if the sealing and signing Architect has reviewed the other Architect's work and has integrated the work into their own Technical Submissions.
- b. An Architect may include in Technical Submissions and may seal and sign Prototypical
   Building documents prepared by an Architect licensed in any Jurisdiction. The Architect
   shall modify the Prototypical Building documents to comply with the requirements of
   (Jurisdiction).
- c. An Architect may also seal and sign drawings, specifications, or other work that is not required to be sealed by this Act.
- d. An Architect who has sealed and signed Technical Submissions integrating the work of another Architect into the Architect's own work shall maintain and make available to the Board adequate and complete records demonstrating the nature and extent of the Architect's review of and integration of the other Architect's work into their own Technical Submissions. Following such sealing and signing, these records shall comply with the provisions of Section 403 of Law.

**FURTHER RESOLVED,** that Regulation R401.1 Architect Seal of the NCARB *Model Law and Regulations,* which has been incorporated into Model Law Section 401. Seal, be deleted.

**FURTHER RESOLVED,** that following the approval of the resolution by an absolute majority of the Council Member Boards, such resolution will become effective July 1, 2023.

#### **FINANCIAL IMPACT:**

No financial impact.

#### **BACKGROUND:**

The Mississippi State Board of Architecture (hereinafter "Board") has carefully considered the revised definition of "Responsible Control" proposed by the Responsible Charge Task Force and adopted by the Council Member Boards in FY22. Although the Board greatly appreciates the work of the Responsible Charge Task Force and has no intention of proposing a change to the definition of "Responsible Control" in the NCARB *Model Law*, the Board feels that it is appropriate to propose additional criteria to further define what constitutes "Responsible Control" in *Model Law* Section 401. Seal.

The Board has concerns that the current definition lacks clarity and specificity, which could hinder enforcement efforts and render licensees uncertain as to whether they are practicing in compliance with the laws and regulations. Terms such as "oversee," "delegate," and "integrate" are ambiguous and subject to a variety of interpretations. For this reason, the Board proposes the addition of clarifying language to *Model Law* Section 401. Seal to confirm that the following criteria must be met for an Architect to seal and sign Technical Submissions prepared by individuals under the Architect's control:

## National Council of Architectural Registration Boards

- Direct contact between the client and the Architect or the Architect's employee so long as the
  Architect has the right to control and direct the employee in the material details of how the work
  is to be performed; and
- Involvement in the preparation of Technical Submissions prior to their completion; and
- Review, or review and correction, of final Technical Submissions. Mere review of work prepared by others outside of the Architect's employ does not constitute control.

Several NCARB jurisdictions include some or all of these criteria in their regulations, and they are found in the *Model Rules* of the National Council of Examiners for Engineering and Surveying (Rule 240.20 Seal on Documents).

The Board believes that inclusion of these criteria will result in a more robust definition of what constitutes Responsible Control that will lead to better protection of the health, safety, and welfare of the public.

#### **RESOLUTION 2023-B**

**TITLE:** Omnibus Sunset of Education Policy Resolutions

**SUBMITTED BY:** Council Board of Directors

**WHEREAS,** the Board of Directors requested a review of resolutions passed by the membership to determine if there are any that no longer align to current NCARB policies and are appropriate to sunset; and

**WHEREAS,** the Policy Advisory Committee has reviewed a batch of resolutions from 1960 to 1999 related to education and recommended several to rescind that either conflict with current policies or are unnecessary based on existing official documents; and

**WHEREAS,** resolutions of substantive matters that NCARB's membership have passed by resolution may only be changed by an absolute majority vote of the Council Member Boards (28 votes), with such change becoming effective at the time specified in this Resolution.

#### NOW, THEREFORE, IT IS HEREBY

**RESOLVED**, that all policies and resolutions related to the Council's education requirements that are not detailed in current official NCARB documents such as the *Education Guidelines* and *Certification Guidelines* hereby are rescinded and otherwise deemed inactive. Without limiting the generality of this resolution, this resolution expressly rescinds the following resolutions, the full texts of which are attached hereto as Appendix B:

- Resolution 1999-15: No Sunset for Broadly Experienced Architect Alternative
- Resolution 1996-07: Sunsetting Alternate Education Route
- Resolution 1994-02: Sunsetting EESA For All But Foreign-Educated and Broadly Experienced Applicants
- Resolution 1983-01: Certification For Applicants Without Degree Who Meet Existing Standards
- Resolution 1983-05: To Accept Alternate Education in Lieu of an Accredited Degree
- Resolution 1980-13: Preparation of State Versions of Appendices "A" and "B"
- Resolution 1980-14: Requirement of Bachelor's Degree for Certification
- Resolution 1979-03: All Conferences to Establish Meetings with their Educational Communities
- Resolution 1978-25: Task Force to Define the Areas of Study Fundamental to the Practice of Architecture

- Resolution 1969-7: Proposal to Grant the Title "Intern-Architect" or Other Title as May be Determined by the NCARB Board of Directors to Graduates of Accredited Architectural Schools and to Establish a Defined Internship Program and Record
- Resolution 1965: Foreign Education

**FURTHERED RESOLVED,** that upon the approval of the foregoing resolution by an absolute majority of the Council Member Boards, such resolution will become effective immediately.

#### FINANCIAL IMPACT:

No financial impact.

#### **BACKGROUND:**

The Policy Advisory Committee is continuing a multi-year research project to identify historical policy or position-related resolutions that may no longer align with current Council practice or philosophy.

Today, the *NCARB Bylaws* specifically give the NCARB Board of Directors authority to issue rules and policies respecting education requirements, including requirements for certification and alternative paths.

NCARB currently has many active education-related policy resolutions, several of which are in conflict with each other. Additionally, NCARB's active education requirements as established by NCARB membership are detailed in the *Education Guidelines* and *Certification Guidelines*, and some of the above policy resolutions either conflict with NCARB's current active requirements or are redundant—putting NCARB at risk of being in conflict in the future if these policy resolutions remain active. To provide clear direction going forward, the Policy Advisory Committee recommends this resolution be passed so that it is clear that all active policies governing education are located in *Education Guidelines, Certification Guidelines*, and/or other Board policies.

## National Council of Architectural Registration Boards

- Resolution 1964: Report and Resolution to the Board of Directors of the NCARB
- Motion 1961: Violations in Council Records

**FURTHERED RESOLVED,** that upon the approval of the foregoing resolution by a majority of the Council Member Boards, such change will become effective July 1, 2023.

#### **FINANCIAL IMPACTS:**

• While there is no financial impact to sunset these resolutions, there may be a *negative* financial impact should certain resolutions (such as Resolution 1973-14) not be sunset.

#### **BACKGROUND:**

The Policy Advisory Committee is continuing a multi-year research project to identify historical policy or position-related resolutions that may no longer align with current Council practice or philosophy.

This year, the committee has reviewed resolutions dating back to 1960 that have been categorized as financial, records/process, experience, certification, or continuing education policies. Additional resolutions to clean up NCARB policies are expected over the next several years as the Council works to develop a more user-friendly resolution archive.

#### **RESOLUTION 2023-D**

TITLE: NCARB Model Rules of Conduct Amendment – Ethics Updates

**SUBMITTED BY:** Council Board of Directors

**WHEREAS,** the Board of Directors charged the FY22 Ethics Work Group to compare NCARB's ethics-related policies to best practices demonstrated by other organizations and professions; and

**WHEREAS,** the FY22 Ethics Work Group, upon such evaluation, has recommended that certain clarifications and updates be made to the *Model Rules of Conduct* are appropriate based on the importance of ethical behavior, as expressed by NCARB Member Boards and the Board of Directors; and

**WHEREAS**, the *NCARB Model Rules of Conduct* may only be changed by an absolute majority vote of the Council Member Boards (28 votes), with such change becoming effective at the time specified in this resolution; and

#### NOW, THEREFORE, IT IS HEREBY:

**RESOLVED,** that Section 2 of the *Model Rules of Conduct* be revised to insert the following language immediately following Section 2.5:

"2.6 An architect serving in a public capacity, whether paid or voluntary, shall not accept payments or gifts that are intended to influence their judgment."

**FURTHER RESOLVED,** that Section 4.3 of the *Model Rules of Conduct* be revised to insert the following language as a new Section 4.3:

"4.3 An architect shall not counsel or assist a client in conduct that the architect knows, or reasonably should know, is fraudulent or illegal."

**FURTHER RESOLVED,** that the subsections following the insertion in Section 4.3 be renumbered; and

**FURTHER RESOLVED,** that the following language be inserted into the *Model Rules of Conduct* immediately following Section 5:

"RULE 6 FURTHER OBLIGATIONS TO THE PROFESSION AND THE PUBLIC

- An architect serving as an AXP Supervisor for a candidate for licensure shall reasonably assist in proper and timely documentation in accordance with that program. Failure to do so shall be subject to disciplinary action.
- 6.2 When performing professional services, an architect shall make reasonable efforts to inform their client of the potential environmental impacts or consequences the architect reasonably believes may occur as a result of work performed on behalf of the client."

**FURTHER RESOLVED,** that upon the approval of the changes by an absolute majority vote of the Council Member Boards, such changes will become effective July 1, 2023.

FINANCIAL IMPACT: None.

#### **BACKGROUND:**

In FY22, President Alfred Vidaurri continued a multi-year emphasis on ethics in the profession of architecture and the Council's operations by assembling the Ethics Work Group. While the work group reviewed ethics in education, continuing education, and the practice of other professions, the changes recommended here are limited to the Council's *Model Rules of Conduct*.

Proposed 2.6: "An architect serving in a public capacity, whether paid or voluntary, shall not accept payments or gifts that are intended to influence their judgment."

While the existing sections of Rule 2 address a variety of situations that are conflicts of interest, they are primarily limited to relationships with the client or contractor. The existing rule does not explicitly address bribery, nor further interests of the public. The proposed addition of 2.6 clearly states that the architect will not accept payment to influence the architect's professional judgment. This provides an additional layer of protection to the public, for example when an architect is testifying in public hearings, serving on public boards, or in any role of advocacy regardless of client involvement.

Proposed 4.3 "An architect shall not counsel or assist a client in conduct that the architect knows, or reasonably should know, is fraudulent or illegal."

The proposed addition 4.3 makes explicit the architect's moral obligation to the public and the rule of law. This aligns with the AIA Code of Ethics and Professional Conduct section 2.106. The work group found that this provision in the AIA Code was applicable to licensees broadly, and absent from the Model Rules.

## National Council of Architectural Registration Boards

The structure of the current rules is topical, and the proposed rules 6.1 and 6.2 did not fit within the existing headings, thus a new Rule 6 is proposed to include "Further Obligations to the Profession and the Public."

Proposed 6.1: "An architect serving as an AXP Supervisor for a candidate for licensure shall reasonably assist in proper and timely documentation in accordance with that program. Failure to do so shall be subject to disciplinary action."

While the guiding principles at the beginning of the *Model Rules* explicitly mention the inclusion of *several* rules for AXP supervisors to support AXP candidates, there is actually only one corresponding rule, which addresses only inappropriate relationships and the supervisor's objectivity (Rule 2.5). There are no rules related to the supervisor's active support of a licensure candidate in completing AXP or achieving licensure.

#### From the guiding principles, page 5:

"Architects who act as Architectural Experience Program (AXP) Supervisors of candidates for licensure play a critical role in the protection of the public and a central role in the training of future license holders. NCARB and the jurisdictional licensing boards rely on AXP Supervisors to both confirm that the expected experience has been gained and to serve as the primary "quality assurance" guarantor regarding the efficacy of the candidate's experience. Accordingly, these Model Rules of Conduct *include* several provisions intended to protect the integrity of the experience verification process and other elements of the qualifications reporting system that jurisdictional licensing boards rely on when making licensure decisions." (emphasis added)

The text of proposed 6.1 adds a corresponding Rule implied by this principle and mirrors the language of the AIA Code Rule 5.201.

Finally, the Ethics Work Group found that the architect's ethical obligation to the public must necessarily address the role that architects' work plays—and can play—in addressing energy and climate challenges. The work group found that this is not an aspirational goal, but an ethical obligation.

Proposed 6.2: "When performing professional services, an architect shall make reasonable efforts to inform their client of the potential environmental impacts or consequences the architect reasonably believes may occur as a result of work performed on behalf of the client."

These additions ensure the *Model Rules of Conduct* remain up-to-date and reflect many of the current ethical conflicts architects may face in their day-to-day work.

## RESOLUTION 2023-E: Amendment and Restatement of the NCARB Bylaws

## Invitation to Comment

The Board of Directors is seeking member feedback on all elements of a proposed governance model as outlined in this document and specified in draft amendments to the NCARB *Bylaws*, attached as Appendix E to Resolution 2023-E. Members are invited to provide feedback in several ways including: participation in three listening session calls scheduled in February 2023<sup>1</sup>, discussions during the Regional Summit in March 2023, and by submitting written comments to the Board of Directors through the Governance Work Group at GovernanceWorkGroup@ncarb.org. All feedback is due by March 30, 2023.

The Board of Directors will take member comments into account before designing a final resolution in April for member consideration at the June 2023 Annual Business Meeting (ABM).

### <u>Introduction</u>

In summer 2022, newly-elected President Bayliss Ward, NCARB, AIA, appointed a Governance Work Group to undertake an assessment of existing best governance practices within the nonprofit community with an eye to exploring a revised governance model for NCARB that would encourage diversity, equity, and inclusion (DEI) on the Board by eliminating unnecessary impediments or unconscious bias along the leadership path.

The assessment was informed by efforts begun in 2019 by the then-Diversity Collaborative (now DEI Committee), which identified member concerns about the Council's current governance model including the structured regional governance path to Board service, lengthy timelines that reduced opportunities to serve, and lack of representation by diverse perspectives in comparison to communities served.

The Diversity Collaborative submitted two resolutions for Board consideration in 2021. One resolution was passed by the membership reducing the timeline on the leadership path by one year by limiting regional director positions from three consecutive terms to two. The Board of Directors tabled the second proposed resolution, requesting time to engage an expert governance consultant and further consult the membership.

NCARB consultants facilitated ten member listening sessions in summer 2021 with Member Board Members from underrepresented groups to seek additional insights regarding the path to NCARB leadership. Then-President Alfred Vidaurri Jr., NCARB, NOMA, FAIA, issued a mid-year

\_

<sup>&</sup>lt;sup>1</sup> Invitations to the listening session calls have been issued to all current members as well as to regional leaders who may no longer be on their member boards. The calls are scheduled on February 14 (10:30 a.m. to 12:00 p.m.), February 15 (11:30 a.m. to 1:00 p.m.) and February 20 (10:30 a.m. to 12:00 p.m.). All times are Eastern time. Please contact the email above for access to the calls.

status report titled *Discernment Regarding NCARB Culture, DEI, and Governance* in spring 2022; and additional exploration with members occurred during the June 2022 NCARB Annual Business Meeting.

Throughout these engagement sessions, the following themes recurred:

- Many of the participants believe that the Board is not representative of society's—or the profession's—gender and racial diversity.
- Many of the participants assert that the leadership pathway is unnecessarily long.

At the June 2022 Annual Business Meeting, two ABM attendee polls on governance issues resulted in the following data:

- 65% of members voting responded that at least moderate to significant change is needed in NCARB's governance structure.
- 52% of members voting responded that NCARB governance is not representative of the communities served by Member Boards.

A study of best corporate governance practices in the non-profit community revealed the following:

- Boards designed by geographical representation is an antiquated model.
- The current 14-member Board size is at the outer edge of optimal size for peak Board performance.
- Designing a Board with a combination of the right skills and diverse perspectives allows boards to perform at the highest levels.<sup>2</sup>

Outcomes from these research efforts yielded the following goals for the Governance Work Group:

- Increase opportunities for participation by individuals from underrepresented groups by eliminating barriers.
- Reduce timelines historically served before joining the Board of Directors.
- Design a knowledge and experience model to support more expansive and inclusive recruitment and selection efforts for future Board members.
- Retain the current 14-position Board structure as the maximum size.

The elements of the governance proposal are listed below with details provided in the following pages.

## **Proposed NCARB Governance Structure**

Resolution 2023-E proposes to amend and restate the NCARB *Bylaws* to implement a new governance model that retains a 14-member Board of Directors with the following positions: four officers (president, vice president, secretary/treasurer, and immediate past president); eight at-large directors; an MBE director; and a public director. This structure recognizes best governance practices within the nonprofit community and responds to member concerns about long timelines to serve on the Board of Directors, unconscious impediments/bias regarding a single pathway to leadership, and under-representation compared to communities served. This structure leaves existing regional makeup intact while positioning regions in a collaborative framework for all at-large candidate nominations and retains the importance of understanding Member Boards as a critical knowledge and experience path for most positions on the Board of Directors. A summary of the proposed Board structure and terms of service for each position can be found in Appendix F.

## **At-Large Director Positions**

Those interested in serving in an at-large director position will be able to self-nominate through an application process. Each region also may submit up to two candidates to be considered for open positions. Those eligible to apply are:

- Current and former Member Board Members, even if term limits ended their Member Board service.
  - o The current *Bylaws* requirement for candidate service on a Member Board to have been within one year of nomination to the Board of Directors is proposed to be deleted in the draft *Bylaws*. This proposed change is responsive to member feedback about the impediment to members who have tight time constraints in their jurisdictions.
- Current and former NCARB volunteers.

All applicants are required to have a minimum of two years of service on a Member Board or as an NCARB volunteer.

## National Council of Architectural Registration Boards

Opening access to Board service to all current and former Member Board Members and volunteers eliminates barriers and reduces the timeline to serve on the Board of Directors, allowing the Council to welcome many definitions of diversity more fully, including experience, Member Board structures, practice or academic settings, age, gender, race, ethnicity, etc.

Incumbents for an at-large director position will be limited to a single, two-year term. They may apply for another two-year term after a two-year hiatus. Terms for at-large directors will be staggered so that only half of the at-large positions turn over each year.

## **Executive Committee Modifications**

Proposed changes to the Executive Committee are:

- Eliminate second vice president position
- Merge secretary and treasurer positions
- Automatic ascension for elected secretary/treasurer through each subsequent position to immediate past president to provide leadership continuity in support of the Council's multi-year initiatives.
- Candidates for secretary/treasurer must have two years of service on the Board of Directors within the past four years to ensure knowledge of relevant Board issues.
- Officer titles simplified.

### **Knowledge and Experience Model**

This proposal creates a Knowledge and Experience Model following leading practices in board selection identifying a combination of necessary skills and diversity factors that will contribute to an effective board and focus recruitment and selection efforts around finding individuals who will contribute the needed attributes. (*Recruiting the Right Board*, 2019).

At a minimum, all candidates must:

- Understand issues of concern to jurisdictions.
- Have knowledge and experience with architectural licensing.
- Understand the matters and historical nature of issues important to NCARB.
- Be familiar with Council programs and services.
- Demonstrate strong ethics, integrity and professionalism.

Some members will bring additional perspectives and experiences that add value to the Council. Examples may include a recently licensed architect, an educator, etc.

### **Nominating Committee**

Candidate applications will be received by the Credentials Committee, which will validate that applicant credentials align with *Bylaws* requirements. The Credentials Committee will then submit all applicable information to a new Nominating Committee, which will apply the Knowledge and Experience model in developing nominations for member consideration and voting at the ABM. The Nominating Committee will also support leadership development efforts to cultivate an inclusive pool of future leaders.

The Nominating Committee is proposed to consist of the following members:

- Chair Immediate Past President. One member from each region. 2-year term limit, staggered terms.
- Two members appointed by the incoming president (one each year). 2-year term limit, staggered terms.
- Chair of the DEI Committee.
- Chair of the Credentials Committee (non-voting).

The Credentials Committee will continue to manage the elections process during the ABM.

## **Role of Regions**

Regions continue to add value through leadership development, networking, and conducting regional events. Regions also remain a valuable source for applicants for at-large positions. Regions may submit up to two names for consideration by the Nominating Committee to fill existing vacancies of at-large directors.

The proposed makeup of the Nominating Committee creates the opportunity for regions to collaborate, with other appointees, in nominating all at-large directors rather than the current practice of submitting a single director from each region.

Additionally, each region will continue to hold a seat on the Regional Leadership Committee and the Policy Advisory Committee.

### **Board Elections**

Elections for the Board of Directors will continue to take place during the Annual Business Meeting. The Board is considering several possible approaches for the election of at-large directors including, but not limited to, the following options:

• Nominating Committee proposes one nominee for each vacant position and Member Boards vote for each nominee individually.

- Nominating Committee proposes a pool of nominees in excess of the number of vacant positions (i.e., a pool of six nominees to fill four positions). Member Boards vote for each nominee individually, and the nominees with the most votes would be elected to fill the vacant positions.
- Nominating Committee proposes a slate of nominees and Member Boards vote on the slate as a whole.

### **Governance Transition Model**

A new, temporary Article XV is proposed in the attached draft *Bylaws* to identify the process for transitioning to the new governance model. The transition will begin with elections during the 2024 ABM and be completed at the close of the 2027 ABM. The proposed transition model is included as Appendix G.

## Additional Edits Proposed in the Draft Bylaws

Some additional edits proposed in the attached draft *Bylaws* relate to the foregoing, i.e., updating vacancy/succession provisions. Additional minor edits proposed include an update to Roberts Rules of Order references to ensure use of the current version of Roberts Rules, an edit to the Credentials Committee description, adding a previously omitted definition for the Member Board Executive Director position, incorporating the immediate past president position as an officer, correcting two erroneous cross references that exist in the current *Bylaws*, and correcting some capitalization errors.

**Strategic Plan Objective:**

Mississippi Board's Proposed January 2023 Resolution: Memorandum from the NCARB Board of Directors

#### **MEMORANDUM**

Re: Mississippi Board's Proposed January 2023 Resolution

The Mississippi Board has proposed a resolution for the 2023 Annual Business Meeting that would amend the Model Law to include additional limitations on when an architect may seal a technical submission that has been prepared by someone other than the sealing architect. A comprehensive memorandum from NCARB legal counsel, Venable LLP, is included for your review, but as explained below, these requirements are contrary to the approach the Model Law Task Force suggested, and the membership adopted, just last year.

## Summary of the Resolution

The resolution would impose significant restrictions on using work by nonarchitects and would also limit the use of work of other licensed architects. It would do this by moving material from the Model Regulations into the Model Law. More importantly, the proposal would also make substantive additions and changes to the material imported from the Model Regulations.

Non-Architect Work: If the technical submissions are prepared by non-architects, then the amendments would require the work to be "prepared by individuals under the architect's control." This would require all three of the following:

- 1. Direct contact between the client and the Architect or the Architect's employee so long as the Architect has the right to control and direct the employee in the material details of how the work is to be performed; and
- 2. Involvement in the preparation of Technical Submissions prior to their completion; and
- 3. Review, or review and correction, of final Technical Submissions. Mere review of work prepared by others outside of the Architect's employ does not constitute control.

The Model Law and Regulations as adopted last year specified that an architect could sign and seal documents if the work was done under the responsible control of the signing architect. The proposal includes significant limitations on the flexible concept of responsible control adopted last year with the inclusions of these the three new criteria.

**Work by Other Architects:** Under the proposal, an architect would be allowed to seal technical submissions prepared by another architect if that architect is "licensed in this or any Jurisdiction if the sealing and signing Architect has reviewed the other Architect's work and has integrated the work into their own Technical Submissions." This is also much narrower in scope than what the Model Law Task force proposed.

Currently, an architect may seal work prepared by an architect licensed in the same state if the signing architect "has reviewed the other Architect's work and either has coordinated the preparation of the work or has integrated the work into their own Technical Submissions." An architect may use the work of another architect licensed in a different jurisdiction if the other architect has a valid NCARB certificate and "if the sealing and signing Architect has reviewed the other Architect's work and has integrated the work into their own Technical Submissions." Thus, the Mississippi proposal would conflate the requirements for those licensed in the same or different jurisdictions and thus limits using the work of another to situations where the work is integrated and not just coordinated.

### Reasons to Recommend Against the Resolution

Based on the substantive changes, There are six reasons why the changes proposed by Mississippi should be rejected:

- The Model Law Task Force spent several years updating the NCARB Model Law and Regulations to "modernize the document and provide a more relevant, useful tool for its members." As part of its review, the scope of the definition of "responsible control" (previously "responsible charge") was updated to provide greater flexibility to accommodate the continuously evolving practice of architecture. These changes would be a step backwards.
- The proposed changes appear to be out of step with what the majority of
  jurisdictions do. Each jurisdiction makes its own rules, but the Model Law is
  designed to provide legislators and regulators with what NCARB's membership
  believes to be best practices for regulation. The changes proposed would
  fundamentally alter what was approved just last year and do not appear to be
  what the memberships wants.
- The proposal would hamper architects' abilities to coordinate with others in the
  preparation of technical submissions, and it would remove the requirement of
  certain collaborating architects to have an NCARB Certificate, which NCARB
  believes is an important credential for multi-jurisdictional work.
- Moving regulations into the statute makes the statute cumbersome to administer and if adopted in a state, would require new legislation to make further changes.

# NCARB

- The proposal makes changes to the signing and sealing provisions without changing the definition of responsible control. This means a person could be within the responsible control of an architect but not under the control of the architect for signing and sealing purposes.
- Responsible control comes up in the statute both in the section on sealing and in the section on unauthorized practice. Specifically, if someone is under the responsible control of an architect they are not engaged in the practice of architecture (which would be unauthorized if done by a non-architect). By imposing these additional requirements in the signing section but not changing the definition of responsible control, there would be an imbalance in the statute that would allow non-architects to engage in certain activity if under the responsible control if an architect but still produce work that could not be signed and sealed by an architect.

### I. Introduction and Executive Summary

You have asked us to review a resolution that the Mississippi Board plans to introduce at the 2023 Annual Business Meeting to amend the part of the NCARB *Model Law and Regulations* dealing with sealing of documents. The resolution would move most of the regulations that address when an architect may sign and seal a document into the text of the model law. In doing so, however, it would impose additional limits on when an architect may sign and seal technical submissions. These changes would be contrary to the changes made in the Model Law last year that broadened the scope of "Responsible Control" to add more flexibility to how modern architects practice when working with others (both architects and non-architects).

A comparison of the before and after changes can be found in a chart on pages three and four of this memorandum. Superficially, the resolution looks like it moves the regulations into the statute, but there are several important changes that would be introduced that substantively change how architects can practice by:

- Imposing new requirements for overseeing the work of those under an Architect's control to require:
  - 1.) Direct contact between the client and the Architect or the Architect's employee so long as the Architect has the right to control and direct the employee in the material details of how the work is to be performed; and
  - 2.) Involvement in the preparation of Technical Submissions prior to their completion; and
  - 3.) Review, or review and correction, of final Technical Submissions. Mere review of work prepared by others outside of the Architect's employ would not constitute control;
- Removing the ability of sealing and signing architects to "coordinate" with in-state
  Architects on the preparation of Technical Submissions and require their work to be
  integrated into the Technical Submission;

- Eliminating the NCARB Certificate requirement for using the work of architects in other jurisdictions when sealing Technical Submissions;
- Confusing existing practice of architecture exemptions by allowing non-licensed individuals to engage in certain activities that would otherwise be regulated as the practice of architecture, yet restrict an Architect from using their work in documents to be sealed and signed; and
- Weakening the carefully thought-out definition of Responsible Control by placing material limitations on the scope of the term in the section on sealing documents.

## II. Background on the Definition of Responsible Control

At NCARB's 2022 Annual Business Meeting, member boards voted 53 to 1 to replace the definition of "Responsible Charge" with a definition of Responsible Control in section 103 of the *Model Law and Regulations*.<sup>1</sup>

**Responsible Charge** meant: "The control over and detailed professional knowledge of the development and execution of the project, including Technical Submissions, as is ordinarily exercised by an Architect applying the required professional standard of care."

**Responsible Control** now means: "Responsibility for exercising the ultimate authority over, and possessing the knowledge and ability to oversee, delegate, and integrate the design and technical decisions related to the preparation of the project's instruments of service and the project's implementation in conformance with the standard of care."<sup>2</sup>

The Model Law uses the term Responsible Control (and used Responsible Charge before) in two distinct, yet related areas. Article V, Section 401(2) requires Technical Submissions to be stamped by an architect who has Responsible Control for the project. The implementing regulations specify that an architect may seal documents if "[p]repared by individuals under the Architect's Responsible Control." Model Rule 401.1(1)(b). In addition, Article I, Section 104(5) of the Model Law excludes from the practice of architecture work done by an unlicensed individual that would otherwise constitute the practice of architecture as long as it is done under the supervision of a licensed architect such that the licensed architect exercises Responsible Control for the project. Thus, an architect can seal documents prepared by others under the architect's Responsible Control and such individuals are not

engaged in the unauthorized practice of architecture if they are under the architect's Responsible Control.

## III. Summary of the Mississippi Member Board's Proposed Resolution

The Mississippi Board's proposed resolution would do three things. First, it would transfer most of Model Rule 401.1 into Section 401 of the Model Law and then repeal Model Rule 401.1. Second, it would add three additional and very specific requirements to the statute governing sealing documents when the documents are prepared by individuals acting under the architect's control. Third, it would make several substantive changes to the content of the expanded Section 401 compared to the existing Model Regulations.

Changes two and three would have substantive effects on the scope of the *Model Law and Model Regulations*, but consideration of all the changes puts the effects of the proposal in perspective. To this end, the following chart lays out the current law and regulations next to the proposed revision. Revisions shown in <u>green with double underlining</u> are those provisions that have been moved verbatim from the Model Regulation to the Model Law. Provisions in <u>red with single underlining</u> are new additions not currently found in either the Model Law or Model Regulations. Provisions in <u>black strikethrough</u> are deletions from the current Model Regulations.

## Current Law and Regulation

#### Article IV, Section 104(2):

All Technical Submissions prepared under the Responsible Control of the Architect required by public authorities having jurisdiction for Building permits or regulatory approvals shall be sealed and signed by the Architect. By sealing a Technical Submission, the Architect represents that the Architect was in Responsible Control over the content of such Technical Submissions during its preparation and has applied the required professional standard of care.

#### R401.1:

- An Architect may seal and sign Technical Submissions only if the Technical Submissions were:
  - a. Prepared by the Architect;
  - Prepared by individuals under the Architect's Responsible Control;
  - c. Prepared by another Architect if the sealing and signing Architect has reviewed the other Architect's work and either has coordinated the preparation of the work or has

## Proposed Revision

### Article IV, Section 104(2):

All Technical Submissions prepared under the Responsible Control of the Architect required by public authorities having jurisdiction for Building permits or regulatory approvals shall be sealed and signed by the Architect. By sealing a Technical Submission, the Architect represents that the Architect was in Responsible Control over the content of such Technical Submissions during its preparation and has applied the required professional standard of care.

- a. An Architect may seal and sign Technical
  Submissions only if the Technical
  Submissions were:
  - i. Prepared by the Architect;
  - ii. Prepared by individuals under the Architect's Responsible Control, requiring as follows:
    - 1. Direct contact between the client and the Architect or the Architect's employee so long as the Architect has the right to control and direct the employee in the material details of how the work is to be performed; and

- integrated the work into their own Technical Submissions; or
- d. Prepared by another Architect licensed in any Jurisdiction and holding a current and valid NCARB Certificate if the sealing and signing Architect has reviewed the other Architect's work and has integrated the work into their own Technical Submissions.
- 2) An Architect may include in Technical Submissions and may seal and sign Prototypical Building documents prepared by an Architect licensed in any Jurisdiction. The Architect shall modify the Prototypical Building documents to comply with the requirements of (Jurisdiction).
- An Architect may also seal and sign drawings, specifications, or other work that is not required to be sealed by this Act.
- 4) An Architect who has sealed and signed Technical Submissions integrating the work of another Architect into the Architect's own work shall maintain and make available to the Board adequate and complete records demonstrating the nature and extent of the Architect's review of and integration of the other Architect's work into their own Technical Submissions. Following such sealing and signing, these records shall comply with the provisions of Section 403 of Law.

- 2. <u>Involvement in the preparation of</u>
  <u>Technical Submissions prior to their</u>
  <u>completion; and</u>
- 3. Review, or review and correction, of final Technical Submissions. Mere review of work prepared by others outside of the Architect's employ does not constitute control.

Prepared by another Architect if the sealing and signing Architect has reviewed the other Architect's work and either has coordinated the preparation of the work or has integrated the work into their own Technical Submissions.

- iii. Prepared by another Architect licensed in this or any Jurisdiction and holding a current and valid NCARB Certificate if the sealing and signing Architect has reviewed the other Architect's work and has integrated the work into their own Technical Submissions.
- b. An Architect may include in Technical
  Submissions and may seal and sign
  Prototypical Building documents prepared by
  an Architect licensed in any Jurisdiction. The
  Architect shall modify the Prototypical
  Building documents to comply with the
  requirements of (Jurisdiction).
- c. An Architect may also seal and sign drawings, specifications, or other work that is not required to be sealed by this Act.
- d. An Architect who has sealed and signed
  Technical Submissions integrating the work
  of another Architect into the Architect's own
  work shall maintain and make available to
  the Board adequate and complete records
  demonstrating the nature and extent of the
  Architect's review of and integration of the
  other Architect's work into their own
  Technical Submissions. Following such
  sealing and signing, these records shall
  comply with the provisions of Section 403 of
  Law.

In sum, the resolution would:

- (1) transfer most of R401.1 to new subsections of Model Law Section 401 (Section 401(2)(a)–(d)) and delete the former R401.1 from the Model Regulations;
- (2) add detailed criteria for when an Architect may sign a document prepared by "individuals under the Architect's control" to the new Model Law Section 401(2)(a)(ii)(a)—(c) which would require:
  - Direct contact between the client and the Architect or the Architect's employee so long as the Architect has the right to control and direct the employee in the material details of how the work is to be performed; and
  - ii. Involvement in the preparation of Technical Submissions prior to their completion; and
  - iii. Review, or review and correction, of final Technical Submissions. Mere review of work prepared by others outside of the Architect's employ does not constitute the exercise of Responsible Control.
- (3) modify the existing language of R401.1(1)(c) and (d), as follows:

The revised language of the resolution would blend R401.1(1)(c) and (d), and make two material changes to the new text. First, the resolution would strike the ability of a signing Architect to "coordinate] the preparation of the work" prepared by another Architect as allowed in the existing text of Section 401.1(1)(c). Second, the resolution would strike from subsection 401.1(1)(d) the requirement of the preparing Architect to hold a current and valid NCARB Certificate. The blended version of these sections, as proposed in the resolution, would read as follows:

(c) Prepared by another Architect if the sealing and signing Architect has reviewed the other Architect's work and either has coordinated the preparation of the work or has integrated the work into their own Technical Submissions; or (d) Prepared by another Architect licensed in this or any Jurisdiction and holding a current and valid NCARB Certificate if the sealing and signing Architect has reviewed the other Architect's work and has integrated the work into their own Technical Submissions.

## IV. Legal Analysis and Effects of Adopting the Resolution

The proposed resolution, if adopted, would substantively amend the practice of architecture according to NCARB's *Model Law and Regulations* in several ways.

- Imposing specific requirements for overseeing the work of those under the "Architect's Control." The three criteria that would be included were not found in the older definition of Responsible Charge and are not in the definition of Responsible Control. These changes may or may not be in line with current practice in various jurisdictions. Whether these requirements should be set forth as the aspirational goal of the Model Law is a policy judgment for the Members.
- Removing the ability of sealing and signing Architects to "coordinate" with fellow in-state Architects on the preparation of Technical Submissions. Removing the ability of Architects to simply "coordinate in the preparation of the work" behind Technical Submissions, as currently allowed by R401.1(1)(c), would reduce flexibility and, conversely, increase the burdens on practitioners in two ways. First, because of the definition of "Architect," the scope will be limited to those licensed by the same jurisdiction. Architects, according to Model Law Section 103(5), are individuals licensed by the Board of a jurisdiction they are, specifically, in-state licensed practitioners. Thus, even though purporting to apply to those licensed in other jurisdictions, the use of the defined term is limiting. Second, the existing Model Regulation allows an Architect to either coordinate the preparation of the work or integrate the work of another in-state licensee into Technical Submissions. The proposed language of the resolution would eliminate this ability and would require an Architect to integrate another practitioner's work, regardless of whether they are licensed domestically or in another jurisdiction.
- Removing the NCARB Certificate requirement of R401.1(1)(d) may undermine NCARB's objectives. NCARB's mission is to protect the public's health, safety, and welfare by promoting standardized rules for credentialing architects. To this end, in collaboration with its member boards, the organization issues NCARB Certificates to those who meet set education, experience, examination, and registration requirements. Removing the distinction for licensed Architects between subsections (1)(c) and (1)(d) of R401.1 diminishes the utility of holding an NCARB Certificate—they are subject to the same rules as non-Certificate holders. This may erode licensed architects' willingness to pursue NCARB Certificates in the future.

In addition, there are several statutory drafting issues for Members to consider.

• The new requirements in the sealing section do not change the exemptions from the unauthorized practice of architecture. The Responsible Control definition is used primarily to define when an Architect may seal a document. But, as noted above, it also is used to exempt non-licensed individuals acting under the Responsible Control of an Architect from engaging in the unauthorized practice of architecture. The proposed new requirements for

sealing are more restrictive than the definition of Responsible Control. As such, the exemption is now broader than the sealing requirements, meaning someone could engage in activities that would otherwise be regulated as the practice of architecture, and an Architect could still not be allowed to use their work in a document to be sealed.

• Statutes generally provide frameworks, and regulations are meant to build from those frameworks by providing clear instructions and requirements—veering from this standard may result in less cohesion across member jurisdictions. Moving the rules around sealing and signing documents to the Model Law and including the detailed requirements for when sealing is permissible, as opposed to including or keeping these in the Model Regulations, may make standardized adoption of the *Model Law and Regulations* more challenging. Statutes are inherently more difficult to alter and are intended to provide the general frameworks for licensing regimes. Regulations, on the other hand, are meant to provide the detailed instructions for how to comply with the statutory framework. Including the details of when Architects may seal and sign Technical Submissions in the Model Law is contrary to typical drafting recommendations, whereas including the concept in the Model Regulations would better accommodate slight jurisdictional nuances and evolving architecture practices.

NCARB Education Policy Resolutions to Sunset: 1960-1999

## **Appendix C**

# NCARB Education Policy Resolutions to Sunset: 1960-1999

## **Project Background**

In FY19, Board discussions unveiled a resolution from 2000 that dictated an NCARB position on an issue/policy that, in 2020, no longer aligned with current practice or philosophy. Evaluation of the resolution was assigned to a task force for review and discussion, but led the Board to question the status of other resolutions that dictated official NCARB policy or position. Policies or positions implemented by membership vote remain active unless the membership takes a follow-up action to sunset it, provides a deadline, or includes information granting authority of future adjustments to another party in the resolution.

NCARB staff began a research project to evaluate the status of all historical NCARB resolutions, and the Policy Advisory Committee (PAC) has been asked to make recommendations to the NCARB Board of Directors on whether the resolutions should remain NCARB policy or sunset.

The resolutions are being reviewed by category, and the first set of policies were sunset in FY21. This year, the PAC conducted a holistic review of active education-related policy resolutions, including those from 1960-1999.

Additional resolutions from more categories and decades will be reviewed over the next several years as NCARB cleans up its resolution database.

## Resolutions Recommended for Sunset as part of Resolution 2023-B:

## Resolution 1999-15: No Sunset for Broadly Experienced Architect Alternative

"RESOLVED, that, notwithstanding Resolution 96-7 which, among other things, ended, effective July 1, 2000, the broadly experienced architect alternative to the degree requirement, a broadly experienced architect, without an accredited degree, whose qualifications are described in NCARB Education Standard, shall continue to be eligible for Council certification."

Rationale: This resolution continues the alternative paths for architects without a NAAB-accredited degree. It also was intended to maintain the two-year window around NAAB accreditation when evaluating degrees (established in 1996-07, below). Sunsetting this resolution has no impact on current requirements since those are embedded in the NCARB Certification Requirements, which also require a resolution to update. However, sunsetting this resolution ensures that NCARB will not be in conflict with past policy resolutions should membership ever desire to update the education requirements.

## Resolution 1996-07: Sunsetting Alternate Education Route

"RESOLVED, that, effective July 1, 2000, all applicants for Council certification, except applicants with a degree in the field of architecture granted by an academic institution outside the United States and Canada, must hold a professional degree in architecture where the degree program has been accredited by the National Architectural Accrediting Board (NAAB) not later than two years after graduation."

Rationale: This resolution was intended to sunset the education alternative routes, while also establishing a two-year window for NAAB accreditation. However, this resolution seems to be in conflict with Resolution 1999-15, although both are still active. NCARB does offer alternative programs for individuals with backgrounds not included in this resolution. Sunsetting this resolution has no impact on current requirements since those are embedded in the NCARB Certification Requirements, which also require a resolution to update. Sunsetting this resolution ensures that NCARB will not be in conflict with past policy resolutions should membership ever desire to update the education requirements.

# Resolution 1994-02: Sunsetting EESA For All But Foreign-Educated and Broadly Experienced Applicants

"RESOLVED, that effective July 1, 2000, all applicants for Council certification, except broadly experienced architects and foreign-educated applicants, must hold a professional degree in architecture where the degree program has been accredited by the National Architectural Accrediting Board not later than two years after the degree was received. The foregoing requirement shall not apply to persons seeking reinstatement of a certificate or to foreign-educated applicants who may continue to satisfy the education requirements through the Education Evaluation Services for Architects (EESA) process. Foreign-educated applicants shall mean persons holding a professional degree in architecture from an institution in a country (other than in the United States or Canada) whose regulating authority recognizes the degree. Broadly experienced architects are those applicants whose qualifications are described in Section II, Sub-section 5 of the NCARB Circular of Information No. 3."

Rationale: NCARB does offer the alternative paths mentioned in this resolution. However, NCARB does still allow the EESA option. Sunsetting this resolution has no impact on current requirements since those are embedded in the NCARB Certification Requirements, which also require a resolution to update. Sunsetting this resolution ensures that NCARB will not be in conflict with past policy resolutions should membership ever desire to update the education requirements.

# Resolution 1983-01: Certification For Applicants Without Degree Who Meet Existing Standards

"RESOLVED, that, notwithstanding Resolution 14 of the 1980 Annual Meeting and Resolution 3 of the 1981 Annual Meeting, applicants for Council certification who, on or before July 1, 1984, have at least 5 years of education credits in accordance with Appendix "A" to Circular of Information No. 1, released July 1983, shall be deemed to have met the educational requirements for certification."

Rationale: This resolution updated the Circular of Information, and would have been modified by following resolutions in 1984. However, this resolution is still listed in the active resolutions index document from 2002; sunsetting it would clarify that it is no longer active.

## Resolution 1983-05: To Accept Alternate Education in Lieu of an Accredited Degree

"RESOLVED, that, notwithstanding Resolution 14 of the 1980 Annual Meeting and Resolution 3 of the 1981 Annual Meeting, applicants for Council certification, after July 1, 1984, without an accredited degree but meeting all other Council criteria, whose education is deemed by the Education Evaluation Committee to meet the Education Criteria adopted by the Council, shall be granted certification."

Rationale: NCARB's current Education Alternative pathways fulfill this requirement. Sunsetting this resolution has no impact on current requirements since those are embedded in the NCARB Certification Requirements, which also require a resolution to update. Sunsetting this resolution ensures that NCARB will not be in conflict with past policy resolutions should membership ever desire to update the education requirements.

## Resolution 1980-13: Preparation of State Versions of Appendices "A" and "B"

"RESOLVED, That the Council Board of Directors be directed to prepare a modified version of Appendix "A" and Appendix "B" appropriate for adoption by Member Boards as their regulations describing requirements for registration, and that all Member Boards be encouraged to adopt such regulations as soon as feasible."

Rationale: This resolution has two parts: 1) Updates to Appendix A and B, which were completed at the time, and those appendices were later incorporated into programmatic guidelines and/or retired. These appendices included suggested education, experience, and examination requirements. 2) Encouraging adoption of NCARB's national standards. Sunsetting this resolution has no impact on current NCARB requirements, but does ensure that Member Boards may maintain their current individual requirements for regulation of the profession within their jurisdiction.

## Resolution 1980-14: Requirement of Bachelor's Degree for Certification

"RESOLVED, That every applicant for Council Certification who has not been registered for the practice of architecture by a Member Board by July 1, 1984, must hold a professional degree in architecture from an NAAB accredited program and that Appendices "A" and "B" be adjusted accordingly."

Rationale: Adjustments were made by later resolutions to allow for additional options, but this policy did go into effect as the preferred education requirement for certification in 1984. Sunsetting this resolution has no impact on current requirements since those are embedded in the NCARB Certification Requirements, which also require a resolution to update. Sunsetting this resolution ensures that NCARB will not be in conflict with past policy resolutions should membership ever desire to update the education requirements.

# Resolution 1979-03: All Conferences to Establish Meetings with their Educational Communities

"WHEREAS, The acceptance of a degree from an accredited school of architecture is a major consideration by Member Boards in the registration process, and thereby affects the health, safety and welfare of the public, and

WHEREAS, Through a lack of communication and understanding, a loss of confidence in the grading process had developed among the Member Boards, the Southern Conference initiated a continuing dialogue with Board members, ACSA and NAAB, and

WHEREAS, These meetings have restored confidence in the accrediting process, understanding of mutual problems and established closer ties among the Member Boards and the schools of architecture in the Southern Conference; now, therefore, be it

RESOLVED, That all Regions of NCARB make every effort to initiate similar meetings to improve communications with their educational community, to better understand the accrediting process, and to produce thereby the best possible architectural graduates to better serve the public."

Rationale: Currently, about half of NCARB's regions are not in compliance with this resolution (Regions 3, 4, 5, and 6 regularly hold a similar conference). Forcing regions to hold a similar conference could have a significant financial and administrative impact on regions that are not currently choosing to do so. Sunsetting this resolution ensures that regions can continue to engage with educators in their region in the way that suits their needs best.

# Resolution 1978-25: Task Force to Define the Areas of Study Fundamental to the Practice of Architecture

"WHEREAS, The functional necessities of state registration boards require continual assurance that the national accreditation process includes among its principle concerns that satisfactory exposure and proficiency are required in areas of study fundamental to the practice of architecture, and

WHEREAS, Current NAAB accreditation processes do not provide such continual assurances, and

**WHEREAS,** There is sufficient reason to believe that such areas of study can be defined and that reasonable measures of satisfactory exposure and proficiency in such areas can be determined; now, therefore, be it

**RESOLVED,** That a task force of Member Board Members, educators, and representatives of NAAB be created by NCARB and charged with the responsibility of seeking a method of providing the assurance indicated above."

Rationale: This resolution created a task force that no longer exists; the task force completed its work at the time and a recommendation was made that the 1979 Annual Meeting, resulting in future work. Now, NCARB is included in the accreditation process in a variety of ways, including with members on NAAB visiting teams. Sunsetting this resolution provides clarity that the work of the task force was completed at the time.

RESOLUTION 1969-7: Proposal to Grant the Title "Intern-Architect" or Other Title as May be Determined by the NCARB Board of Directors to Graduates of Accredited Architectural Schools and to Establish a Defined Internship Program and Record

This proposal includes:

A. The granting (award) of a first-level professional recognition to the graduate of an accredited architectural school at the time of his receipt of his first professional degree. This recognition shall be called "Intern-Architect" and shall be awarded by the state registration board of his residency through the use of NCARB guidelines, the details of which are to be developed this coming year and presented at next year's Annual Convention for approval and implementation. It is not anticipated that this recognition will cause a statutory change in registration laws but can be accomplished by a change in each Member Board's rules and regulations. The procedures for award of this recognition should be according to a uniform NCARB procedure stated in its Circular of Information. This recognition in no way grants any degree of state registration but rather is a professional recognition of achievement in the ladder leading to professional registration.

B. The establishment of an Internship Program of three years' duration that permits the flexibility of different kinds of experience for two years and requires one year of experience in a registered architect's office who is in private practice. This Internship Program would include the issuing, by the state registration board of his residency at the beginning of his internship and through the offices of NCARB, of an "Internship Architect Record" for the recording and verification of his experience by each of his employers. The details and structure of this procedure for implementation are to be studied this coming year by NCARB, the Member Boards and in cooperation with ALA. and reported to the next Annual Convention.

Rationale: This resolution has two parts: 1) Establishing the title "intern-architect" for graduates of NAAB-accredited programs (which NCARB is not in compliance with), and 2) Creating the experience program (which NCARB is in compliance with). Current jurisdictional requirements would not allow many of NCARB's members to enact part 1; NCARB's current policy is to encourage jurisdictions to determine their own titling per their laws and rules. Sunsetting this resolution has no impact on current requirements since those are embedded in official NCARB documents, which also require a resolution to update. Sunsetting this resolution ensures that NCARB will not be in conflict with past policy resolutions should membership ever desire to update the education requirements.

## **Resolution 1965: Foreign Education**

"Proposal I. That the Admissions Office of Accredited Schools of Architecture be requested to evaluate each applicant with a foreign school education in relation to its own standards.

- a. U. S. schools do this now for such candidates that want to continue or complete their education. A system of measurement is now in operation.
- b. The work to provide this evaluation would entail a cost to the school that should be borne by the applicant.
- c. A report direct from the Admissions Department to NCARB indicating full equality or partial credit in years of accomplishment will establish the individual applicants that will fit into the educational measurements in Circular of Information, No. 3-62.
- d. It is further recommended that one school in each of the same U. S. regions be enlisted to perform this service.

Proposal 2. That foreign practical training be recorded in the same manner required for applicants as indicated in Circular of Information, No. 3-62, including interpretations of 1964. That costs of translation of all records, references, etc., be borne by the applicant."

*Rationale:* Much of the purpose of this resolution is still in place through the EESA program. Sunsetting this resolution has no impact on current requirements since those are embedded in the NCARB Certification Requirements, which also require a resolution to update. Sunsetting this resolution ensures that NCARB will not be in conflict with past policy resolutions should membership ever desire to update the education requirements.

# Appendix D:

NCARB Policy Resolutions to Sunset: 1960-1979, Part 1

## **Appendix D**

# NCARB Policy Resolutions to Sunset: 1960-1979, Part 1

## **Project Background**

In FY19, Board discussions unveiled a resolution from 2000 that dictated an NCARB position on an issue/policy that, in 2020, no longer aligned with current practice or philosophy. Evaluation of the resolution was assigned to a task force for review and discussion, but led the Board to question the status of other resolutions that dictated official NCARB policy or position. Policies or positions implemented by membership vote remain active unless the membership takes a follow-up action to sunset it, provides a deadline, or includes information granting authority of future adjustments to another party in the resolution.

NCARB staff began a research project to evaluate the status of all historical NCARB resolutions, and the Policy Advisory Committee (PAC) has been asked to make recommendations to the NCARB Board of Directors on whether the resolutions should remain NCARB policy or sunset.

The resolutions are being reviewed by category, and the first set of policies were sunset in FY21. This year, the PAC reviewed additional resolutions from 1960-1979 in the following areas:

- Financial
- Records/Processes
- Experience
- Certification
- Continuing Education

Additional resolutions from more categories and decades will be reviewed over the next several years as NCARB cleans up its resolution database.

## Resolutions Recommended for Sunset as part of Resolution 2023-C:

## Resolution 1979-01: Architect Development Verification Program (ADVP)

"RESOLVED, That the ADVP Committee be charged to continue the study and development of an appropriate on-line system to be made available to Member Boards on their request. It is to be clearly understood that the ADVP is being developed in order to be prepared for those jurisdictions who adopt continuing education legislation and not as a mandatory license maintenance or NCARB maintenance program."

*Rationale:* The ADVP Committee continued by this resolution has since evolved into the Continuing Education Subcommittee, which fulfills the role established by this resolution. The online system for continuing education was developed and still exists to this day. The Policy Advisory Committee

## National Council of Architectural Registration Boards

recommends revoking this policy resolution not to change NCARB's stance, but to give the organization freedom to update its services should the need arise in the future.

## Resolution 1979-04: Meeting Facilities Accessible to and Usable by the Handicapped

**"WHEREAS,** The practice and profession of architecture is rapidly changing in today's society, and WHEREAS, The dynamics of social relationships directly impact on the personal, social and vocational independence of all citizens, and

**WHEREAS,** The policies of such professional organizations as NCARB can have an impact on these relationships; now, therefore, be it

**RESOLVED,** That it be the policy of NCARB to hold future meetings and conferences wherever practicable only at those meeting facilities that are accessible and usable by all persons."

Rationale: This resolution was passed prior to the Americans with Disabilities Act. While NCARB still supports accessibility in our choice of meeting locations, modern legislation and buildings codes mean this resolution can be retired. Additionally, NCARB's meeting planning staff's internal policy ensures that NCARB confirms hotel accessibility when establishing new contracts.

### Resolution 1978-07: IDP Resolution

"WHEREAS, The 1977 Annual Meeting approved the development of the Intern-Architect Development Program (IDP) and instructed the Council Board to make IDP available to Member Boards requesting the same, and

**WHEREAS,** By Resolution Number 6, this meeting has adopted Appendix 'B' covering the specific training requirements of IDP, and NCARB has prepared model Member Board regulations based on Appendix 'B'; now, therefore, be it

**RESOLVED,** That all Member Boards are encouraged to adopt the IDP criteria for training by enacting the model IDP regulations recommended by NCARB, in forms appropriate to the Member Board's rules and regulations, and are further encouraged to begin the implementation of IDP as quickly as possible."

Rationale: This resolution is a companion to Resolution 1978-06 (a resolution that updated NCARB's official documents), which laid out the requirements for the IDP. While Resolution 1978-06 was replaced by later resolutions that updated the requirements of the experience program, Resolution 1978-07 remained an active policy resolution. This resolution encourages all Member Boards to adopt NCARB's experience program. Today, most boards require, and all accept, NCARB's experience program to satisfy at least some part of their experience requirement. While the language "in forms appropriate to the Member Board's rules and regulations" leaves room for boards to maintain their own requirements, the general mandate regarding Member Board requirements is not in line with NCARB's current approach.

## National Council of Architectural Registration Boards

The Policy Advisory Committee recommends sunsetting this resolution to ensure that Member Boards remain in full control of the regulation of the profession within their jurisdiction.

## **Resolution 1977-07: Continuing Professional Development**

"**RESOLVED,** That the concept of the Architect Development Verification Program be approved and that the NCARB Board of Directors be authorized to continue development of this program."

Rationale: This resolution enabled NCARB to continue considering the development of a continuing education program, and was later modified by resolutions 1978-26 and 1979-01. While this resolution aligns with NCARB's current stance regarding continuing education services, recommendations regarding continuing education are made by the Education Committee and Continuing Education Subcommittee, and sunsetting this resolution ensures that more modern policies and recommendations from those committees take precedence.

## Resolution 1977-08: Intern-Architect Development Program (IDP)

"WHEREAS, The Intern-Architect Development Program will provide the Intern-Architect with a level of advice, guidance and resources that, heretofore, have been unavailable at any level; now, therefore, be it

**RESOLVED,** That the report of the IDP Committee including the Circular of Information No. XI, be approved; and be it further

**RESOLVED,** That this Annual Meeting recommend the adoption of the "Training Experience Requirements" by all NCARB Member Boards and that the NCARB Board of Directors be instructed to make available the Intern-Architect Development Program in the States of California, Iowa, New Jersey, Texas and Virginia as of January 1, 1978, and in other States when so requested."

*Rationale:* Similar to Resolution 1978-07, this resolution encourages the adoption of a national experience program. It also requires NCARB to launch the Intern-Architect Development Program in four states and to make the program available to all Member Boards upon request. While NCARB has completed the action items listed in this resolution, which would typically indicate the resolution is completed, Resolution 1977-08 was included on the 2002 list of active resolutions. The Policy Advisory Committee recommends sunsetting the resolution for clarity.

## Resolution 1976-09: Continuation of Inter-Architect Development Pilot Program

"RESOLVED, That the IDP Pilot Program be continued through May, 1977 for the purposes of studying all aspects of an internship program, to report the findings, and to evaluate the implications of implementing the IDP Program in all jurisdictions."

*Rationale:* Similar to Resolution 1977-08, the items in this resolution have been carried out in the time frame specified, so the resolution could be considered completed. The IDP Pilot Program was continued through May 1977, and was formalized by Resolution 1977-08 at the 1977 Annual Business Meeting. However, this resolution was included on the 2002 list of active resolutions, so the most straightforward action is to sunset it for clarity.

## Resolution 1975-06: Approval Procedures for NCARB Budget

"WHEREAS, Legislative bodies in a number of jurisdictions in the areas served by NCARB are requesting budget information from the Examining Boards; now, therefore, be it

RESOLVED, That the NCARB Board of Directors shall annually publish all examination costs."

*Rationale:* NCARB's current Treasurer's report provides information on all examination costs, and the organization's financial statements are included in the Pre-Annual Business Briefing and Annual Report every year. Additionally, the Treasurer is required by the *NCARB Bylaws* to provide a financial report to membership at the Annual Business Meeting. Together, these current requirements and operating procedures make this resolution unnecessary and redundant.

## **Resolution 1973-14: Continuing Education Program**

"WHEREAS, an increasing number of States are requiring professional licensing boards to require proof of continuing professional development and,

**WHEREAS,** the most reasonable solution to this requirement appears to be through the vehicle of continuing education and,

**WHEREAS,** the problems of evaluating and coordinating all the various continuing education programs are nationwide,

**THEREFORE, BE IT RESOLVED,** that NCARB setup the necessary organization to study and evaluate continuing educational programs and make this information available to Member Boards."

Rationale: The purpose of this resolution was for NCARB to work with AIA to create an organization to verify the quality of continuing education courses, an action NCARB never followed through on. Creating such an organization would require significant funds and bandwidth, and might impact NCARB's other ongoing work. The Policy Advisory Committee recommends sunsetting this resolution to ensure that NCARB does not need to establish such an organization.

### **Resolution 1972-01: Blue Cover Certificate**

"WHEREAS, The Blue Cover Certificate should be a basis for reciprocity between States,

**BE IT RESOLVED,** that the name of any Member Board which does not accept the Blue Cover Certificate for reciprocity shall be circulated to the Chairman of each NCARB Region."

Rationale: All Member Boards accept the NCARB Certificate for reciprocity, although some do have additional requirements. NCARB shares reciprocal licensure requirements for all states through the Licensing Requirements Tool on the NCARB website. While NCARB is in compliance, this resolution is unnecessary and uses out-of-date language.

Note: NCARB still uses the "Blue Cover" terminology internally, but does not use this language externally. Some boards may have "Blue Cover" language embedded in their laws and/or rules.

### Resolution 1971-02: Board Resolution to Eliminate Issuance of Wallet Cards

"WHEREAS, the current trend among professional societies, fraternal groups and other similar organizations, is to eliminate the issuance of a wallet card, and,

**WHEREAS**, the continued issuance of a wallet card will become more time-consuming and costly to furnish, and,

**WHEREAS**, the issuance of a renewal or wallet card was established at the 1961 Annual Meeting, and reference to same has been deleted in all subsequent editions of the Council By-laws, and,

**WHEREAS**, The Council office will have the facility to issue a wallet card to any individual member upon his specific request,

Now **THEREFORE**, **BE IT RESOLVED**, that the general annual issuance of a renewal, or wallet card be discontinued."

*Rationale:* Per the resolution, NCARB stopped offering Certificate holders "wallet cards" with each annual renewal. While highly unlikely, if NCARB ever wanted to resume doing wallet cards, the organization would need to pass a resolution to allow it due to this policy. Sunsetting this resolution enables NCARB to make that decision without a resolution vote.

## Resolution 1971-12: Resolution on Contents of Certificate Record

"WHEREAS, NCARB transmittal of Council Certifications is a major activity requiring considerable administrative effort and financial expense, and

**WHEREAS**, these transmittals consists of many pages of letters and other material, requiring reproduction, assembly, mailing expenses, review by the receiving boards and filing space,

**THEREFORE, BE IT RESOLVED**, that the Mid-Central States Conference recommends to the Board of the National Council of Architectural Registration Boards that it immediately review the contents of Council Certificate transmittals for the purpose of eliminating all unnecessary letters or reference material, said information being available to Member Boards on request, thereby effecting the saving of sizeable financial costs and administrative effort."

Rationale: The main purpose of this resolution was to save on printing and paper costs when sharing transmittals with licensing boards, a process that is now completed electronically. NCARB does work to streamline the information that is included in transmittals for the ease of our Member Boards, while still providing additional information upon request as necessary. Recommendations for improving the transmittal process are made by the Member Board Executives Committee, and any documentation not included in a Record transmittal can be requested by the Member Board; sunsetting this resolution ensures that their recommended policies are not in conflict with any past policies.

## Resolution 1971-16: Additional Registration and/or Certification Requirements.

"WHEREAS, Certification by NCARB is the desirable vehicle for professional mobility throughout the United States, now

**THEREFORE BE IT RESOLVED**, that if any jurisdiction desires additional requirements for registration and/or Certification, and for continued registration and/or Certification beyond those currently required by the NCARB, those additional requirements be submitted to the NCARB Board for consideration and appropriate action and where legally possible the action of the NCARB be adopted by the various jurisdictions."

Rationale: This resolution is not on the list of active resolutions published in 2002; however, no resolution explicitly replaced or retired it. The content is similar to Resolution 1974-01 regarding Member Board Requirements, which was retired by Resolution 1984-15. NCARB does, to the best of its ability, record jurisdictional licensure requirements, including those beyond NCARB's recommended standard. However, those requirements are not submitted to the Board, and NCARB does not consider changes to its national requirements based on changes at the jurisdictional level. The policy outlined in this resolution is out of date and should be sunset.

## Resolution 1970-01: Updating and Transmittal of Council Documents to Member Boards

"WHEREAS, the several State Boards take seriously their charge from the people to protect the public health, safety, and welfare; and

**WHEREAS**, these Boards vary slightly and properly attach a great deal of importance to Blue Cover transmittals; and

**WHEREAS**, the actual value of the Blue Cover as a useful tool for the Boards would be greatly increased if the record were truly current;

**THEREFORE BE IT RESOLVED**, that an annual report form be completed by each certificate holder and filed with the Council office every year; and further, that the Council office be instructed not to forward Blue Covers until the certificate holders have brought them up to date and the information contained in the current report form has been verified, and too, that the NCARB be instructed to develop the necessary implementation procedures within the coming year."

Rationale: NCARB's current renewal procedure meets the requirements of this resolution—architect Record holders complete an annual renewal form with the required information. However, if NCARB ever wanted to adjust our renewal process, the organization would require a resolution to do so because of this policy. Sunsetting this policy enables NCARB to update renewal processes as necessary in the future.

## Resolution 1969-01: Continuing Improvements of NCARB Services

"WHEREAS, we recognize the continuing and ever-expanding need for interstate mobility by and for architects and realize that the founders of NCARB were advanced thinkers, who planned well and have created a well-functioning system to attain this mobility, and

WHEREAS, the success of this system is founded on voluntary cooperation between the states,

**THEREFORE, BE IT RESOLVED** that this convention does commend to its leadership and its Board of Directors that the energies of NCARB be directed toward the continuing improvement of our services to the end that they will become so desirable as to be universally accepted voluntarily by the several states."

Rationale: This resolution does not establish any standards to measure success, making it difficult to tell if the organization is in compliance or not. However, NCARB continuously works to improve its programs and services, and works with its Member Boards to encourage universal adoption of national standards. The policy outlined in this resolution is unnecessary, and should be sunset.

## Resolution 1969-04: Issuing Emeritus Certificates to Retired Past Presidents of NCARB

"WHEREAS, this convention recognizes the services rendered by the 30 past presidents of the National Council of Architectural Registration Boards; and

**WHEREAS**, several of these past presidents have reached the age of 70 years and have retired from active practice of architecture;

**NOW, THEREFORE, BE IT RESOLVED** that all living National past presidents identified as retired and having reached the age of 70 years shall be titled and recognized this date as National Council of Architectural Registration Boards Certificate Holders Emeritus. New Emeritus Certificates shall be presented to each of the living past presidents meeting the recited qualifications by the respective regional conference in which area the individual resides. Such presentation shall be made with appropriate ceremony. Names and Emeritus Certificate numbers of these past presidents shall be published in all future annual convention reports as long as each shall live."

Rationale: NCARB doesn't issue emeritus Certificates anymore. NCARB also does not publish the names and Certificate numbers of all its past presidents in the Annual Report. However, most of our living past presidents do hold the NCARB Certificate, and past presidents are not charged a renewal fee. It is unclear if this resolution only applies to past presidents existing at the time of the resolution and going back, or if it also applies to future past presidents. Regardless, the Policy Advisory Committee recommends sunsetting this resolution in compliance with current Council policies.

#### Resolution 1967-02: Fee for Annual Review of Certificate Record

"WHEREAS, the NCARB now conducts an annual review of each certificate holder's professional practice for which an annual fee of \$10 is charged, and

**WHEREAS**, this fee represents an expense to the certificate holder which is not commensurate with the service received and in fact constitutes a subsidy, and

WHEREAS, the expanding service of the NCARB does not presently justify this subsidy,

**THEREFORE, BE IT RESOLVED** that the Western Conference of Architectural Registration Boards recommends to the National Council that studies be instituted to break the charges more into line with the services rendered."

Rationale: This study was conducted, and the results were voted on as part of Resolution 1969-05B. This resolution seems complete; however, it was included on a 2002 list of active resolutions. The Policy Advisory Committee recommends sunsetting it for clarity.

### Resolution 1964: Report and Recommendations of the Committee on U.S. Citizenship

"This committee recommends to the Council that the citizenship pre-requisite clause be stricken from the NCARB regulations and urges its resolution at this meeting and if approved, that the decision become effective immediately.

In addition, this committee also recommends that NCARB institute the mechanics for evaluating records of both citizen- and noncitizen-applicants with training and education abroad in order to add another dimension to the ways NCARB can be of service to the profession."

Rationale: Citizenship is not a requirement for NCARB certification at present, and NCARB offers alternative paths to certification for foreign architects. The requirements for NCARB certification are outlined in the NCARB Certification Guidelines. Active policies outside of the Guidelines could cause future confusion and difficulty, which is why the Policy Advisory Committee recommend sunsetting this resolution.

#### **Resolution 1964: Review and Approval of Applications**

"WHEREAS, it is of utmost importance that the processing of applications for NCARB certificates be brought to a current status as rapidly as possible, and

WHEREAS, the number of applications to be procured is increasing and will continue to grow,

NOW THEREFORE, it is the consensus of this Convention that the processing of all applications must be accelerated in every reasonable manner. To achieve this end, the National Council and its administrative staff is requested to further simplify and streamline the mechanics of review and approval of all such applications wherever possible."

*Rationale:* This resolution is vague in terms of how to document compliance. NCARB staff make every effort to review Record and Certificate applications as quickly as possible, while streamlining and expediting transmittals as much as is appropriate. While the Policy Advisory Committee supports the end goal of this resolution, its existence is unnecessary.

#### Motion 1961: Violations in Council Records

"I would like to propose a motion on this subject, that the Council offices be directed to furnish the fullest information on such cases\* to the State Board where the application is being submitted. Then it would be up to that Board as to whether they want to receive this man who has either misrepresented himself or has violated the law in other states."

\* Per prior discussion, "such cases" refers to NCARB Records where the applicant has a noted violation/disciplinary action

Rationale: NCARB's current procedures for documenting disciplinary actions and reciprocal licensure applications meet the requirements of this resolution. While it is unlikely that NCARB would ever stop

providing this information, a resolution would be required in order to update these processes. Sunsetting this resolution ensures that modern processes and policies take precedence.

# Resolution 1964: REPORT AND RESOLUTION TO THE BOARD OF DIRECTORS OF THE NCARB

"WHEREAS, The National Council of Architectural Registration Boards was established to facilitate the interstate registration of qualified professionals and;

WHEREAS, The varied and exacting laws and procedures of the several States, established by their Legislatures and their Boards for the regulation and registration of architects, have led the National Council to adopt policies which have proven themselves in recent years to be too cumbersome to accomplish expeditiously the intended objective and;

WHEREAS, The National Council Board of Directors has recognized a conflict of interest between maintaining high standards and expediting procedures, and its President has appointed a special committee to study this problem,

WHEREAS, This committee on Policies and Procedures has studied, corresponded and met in Washington, D. C. on 7 February, 1964, to consider solutions for these problems and;

WHEREAS, This committee concentrated on the policies which have created most delays, and on the question, "To whom NCARB Certificates are to be issued and continued in force";

NOW THEREFORE, The following recommendations are herewith respectfully submitted for the Council Board's consideration.

- That all Member Boards be urged to avoid, and to eliminate, if now in effect, the practice of requiring a National Council Certificate, for registration from all out-of-State candidates, as the only basis of reciprocal registration.
  - NOTE: Such a requirement is probably illegal in most jurisdictions, and violates the voluntary character of NCARB. A Council Record may well be required as a presentation of fact, but a Certificate includes a Recommendation based on standards which may be higher than the State's and hence discriminatory.
- 2. That an Accelerated Procedure for Certification may be used by the Council Office if the applicant can establish the following qualifications:
  - a. Thirty-five (35) years of age or more
  - b. Citizenship in the United States.
  - c. Current registration in good standing

- d. Ten or more consecutive years of registration and bona fide active practice, as a principal, prior to application; or four or more consecutive years of bona fide active practice as a principal, and registration based on the NCARB written examination. A principal is defined as an architect who, in fact, is legally, morally, and financially responsible, i.e. a general partner, an officer (of a corporation), or a sole proprietor of an organization concerned primarily with the practice of architecture.
- e. Favorable recommendations for certification and verification of these facts from three or more architects, two of whom are (and we are leaving out "NCARB certified architects") currently serving as members of Member Boards, provided that no such sponsor is associated with the applicant in the practice of architecture.
- 3. That reciprocal application transmittal forms for this accelerated procedure be signalized by an appropriate label or other suitable device, conspicuously displayed on the front cover.
- 4. That qualified applicants for this Accelerated Procedure be guaranteed priority in processing and immediate attention by the Council Office and by Member Boards and;
- 5. That qualified applicants now in process be automatically processed under the Accelerated Procedure for Certification without additional fee.

6.

- a. That required notarization of forms be deleted from Council procedures and;
- b. That States requiring notarization be encouraged to conform to this policy.
- 7. That the Council Office in its Periodic Review of Council Certificates, henceforth, accept:
  - a. Statements from the Architect, covering the entire period subject to review, without further verification.
  - b. Conformation of current registration, in good standing, from the Member Board, in the applicant's state of original registration and, where different, from the state in which applicant's main office is located. Nothing herein contained is intended to require an applicant to maintain registration, in his state of original certification provided the applicant can establish:
    - i. Positive residence in state where applicant's main office is located.
    - ii. An UNQUESTIONED record in the state of original registration.
- 8. That no reciprocal application be delayed by the Council Office because of an incomplete Periodic Review of a Council Certificate.
  - NOTE: The committee felt recommendations 7 & 8 were so important that it directed the Council Staff to implement this action immediately.
- 9. That a policy statement be adopted and added to future issues of the Circular of Information to read as follows: Pursuant to Article II of the Constitution, the object of the Council shall be:
  - 1. To promote high standards of architectural practice;
  - 2. To foster the enactment of Uniform laws pertaining to the practice of architecture;

- 3. To equalize and improve the standards for examination of applicants for state registration;
- 4. To compile, maintain and transmit professional records to Member Boards for registered architects desiring this service and;
- 5. To certify records and recommend registration, for architects who meet the standards of this Council for interstate registration.
- 10. That the Council Office not duplicate the compilation of Information as to the education, training, and experience of an applicant, when this required Documentation for a Council Record is available, by facsimile copy, from the files of a Member Board.
- 11. That the Council Board, through appropriate and the most expeditious means, encourage all Member Boards to use forms with the same format and requesting the same basic information as the Council Record.
- 12. That the Council Board urge Member Boards to avoid inquires for confirmation of information already available to them in a Council Record.
- 13. That, henceforth, the signature of only one Council Secretary be required for Form No. 107-61 whether or not the previously involved Secretaries are still living and available for actual signatures.

NOTE: The Committee felt that this recommendation could have immediate effect to expedite transmittals of reciprocal applications that are presently, or would in the future be, delayed by requiring the actual signature of all living secretaries who had opinioned the various stages of certification of Periodic Reviews. The Committee, therefore, authorized the Council Offices to put this recommended change into effect immediately.

14.

- a. That certificate holders who retire from active practice and request that their certificate be placed in an inactive status, be subsequently allowed to reinstate said certificates by paying a reinstatement fee, but without paying the annual renewal fees in arrears at the time of re-instatement and that such certificates be termed "Inactive."
- b. That the certificates of those architects who do not complete the required renewals and who have not requested an inactive status shall be termed "Lapsed" and shall pay fees in arrears plus a reinstatement fee.

WHEREAS, These recommendations have been influenced and shaped by the recommendations of all members of this committee and by other members of the Board who made helpful and constructive suggestions and;

WHEREAS, It is this committee's desire to express its gratitude for these valued services and to implement these recommendations;

NOW THEREFORE BE IT RESOLVED; (a) That this report and resolution be accepted and adopted as a basis for policy; (b) That the Committee on Documents be instructed as to its purpose and timing for formal adoption and publication; and (c) That the Committee on Documents re-study and revise all Council Documents affected by this resolution."

*Rationale:* There are a lot of different policies set out in this resolution; NCARB is not in compliance with the majority of them. Many of these policies would have been updated by later resolutions or be changes to NCARB's official documents, such as the *Certification Guidelines*. While this resolution is not included on the list of active NCARB Resolutions from 2002, sunsetting it would be the clearest course of action.

#### NCARB BYLAWS

Consideration of amendments based on discussions to date.

Bylaws Section	Bylaws Language	Supporting Statement
ARTICLE I—NAME	The name of this organization shall be the National Council of Architectural Registration Boards.	(no changes to Article I)
ARTICLE II— DEFINITIONS	The following terms shall have the following meanings when used in these Bylaws:	
	<ul> <li>A. "Advisory Committee" shall mean any committee not having and exercising the authority of the Board of Directors;</li> <li>B. "At-Large Director" shall mean a Director who meets the qualifications of an At-Large Director and is not an Elected Officer, Member Board Executive Director, or Public Director;</li> </ul>	Article II, (New B): Adding a definition for the proposed position of "At-Large Director" for the Board of Directors.

Bylaws Section	Bylaws Language	Supporting Statement
ARTICLE II— DEFINITIONS (continued)	BC. "Board Committee" shall mean a committee which is comprised solely of two or more Directors and shall have and exercise the authority of the Board of Directors, to the extent authorized by the Board of Directors and permitted by law;	
	<ul> <li>ED. "Board of Directors" shall mean the Board of Directors of the National Council of Architectural Registration Boards;</li> </ul>	
	DE. "Committee" shall mean a Board Committee or an Advisory Committee;	
	EF. "Council" shall mean the National Council of Architectural Registration Boards;	
	FG. "Council Record" shall mean a record of the education, training, examination, practice, and character of an individual member of the architectural profession;	
	GH. "Delegate" shall mean any member of a Member Board in attendance at an Annual Business Meeting or any special meeting of the Council as a representative of such Member Board;	
	H <u>I</u> . "Director" shall mean a member of the Board of Directors;	

Bylaws Section	Bylaws Language	Supporting Statement
ARTICLE II— DEFINITIONS (continued)	IJ. "Elected Officer" shall mean any of the President/Chair of the Board, the First Vice President/President-Elect, the Second Vice President, the Treasurer, and the Secretarythose Elected Officers set forth in Article VIII, Section 1 of these Bylaws;	Article II, (New J, formerly I): The current version of the "Elected Officer" definition is duplicative to language that exists in Article VIII, Section 1. This proposed edit eliminates the duplicative reference, by substituting the definition with a cross-reference.
	JK. "Examination" shall mean the Architect Registration Examination® prepared by the Council;	
	KL. "Executive Director" shall mean a person holding such title at a Member Board or having a comparable position as the primary administrator responsible for overseeing the activities of the Member Board;	
	LM. "Jurisdiction" shall mean any political subdivision of the United States, including any State, commonwealth, territory, dependency, and the District of Columbia, which has a law regulating the practice of architecture;	
	MN. "Member Board" is a member of the Council in good standing and shall mean the body legally authorized by a Jurisdiction to certify that an applicant for Registration as an architect is qualified;	

Bylaws Section	Bylaws Language	Supporting Statement
ARTICLE II— DEFINITIONS (continued)	O. "Member Board Executive Director" shall mean the individual serving as the Member Board Executive Director (as that term is described in Article VII of these Bylaws) on the Board of Directors;  NP. "Public Director" shall mean the individual serving as the Public Director (as that term is described in Article VII of these Bylaws) on the Board of Directors;	Article II, (New O): The current version of the Bylaws is missing a definition for the Member Board Executive Director position on the Board of Directors. This edit corrects that oversight.
	OQ. "Public Member" shall mean a member of a Member Board who does not hold or have a license in a discipline regulated by such Member Board or in a related design profession;	
	PR. "Regional Chair" shall mean the chairperson of a Region, as such term is described in Article VI of these Bylaws;	
	<ul> <li>Q. "Regional Director" shall mean a         Director who was nominated to         serve on the Board of Directors by         a Region;</li> <li>RS. ARTICLE V – MEETINGS (continued)	Only Member Boards, Regions, Select Committees, and the Board of Directors may offer resolutions to be presented at any meeting of the Council, or amendments to resolutions so presented. All other motions permitted under the most recent version of Robert's Rules of Order Newly Revised or its successor, as updated from time to time ("Robert's Rules of Order"), may be made by any Delegate or Director.	Article V, Section 6: Modifications recommended by legal counsel to ensure reference to most recent version of Robert's Rules.
	SECTION 7. Voting. The affirmative vote of two-thirds of all Member Boards is required to pass any amendment to these Bylaws, to remove any Member Board from membership in the Council, or as provided in Article IV, Section 3. The affirmative vote of a majority of all Member Boards is required to pass any other resolution. Except as otherwise specified in these Bylaws, voting upon all other issues shall require the quantum of vote set forth in Robert's Rules of Order Newly Revised.	Article V, Section 7: Necessary edits to conform with new defined term for Robert's Rules of Order in Article II – Definitions.
	Except as expressly permitted by these Bylaws, there shall be no voting by proxy.  SECTION 8. Order of Business. An agenda outlining the order of business shall be prepared for all Council meetings. The agenda shall be prepared under the direction of the Board of Directors and sent by the Secretary/Treasurer to all Member Boards at least 30 days before the date set for a particular meeting. Article VII, Section 2(A)(former iii): Eliminating this provision removes current restrictions for service by members whose terms on a jurisdictional board or other qualifying service may have expired beyond this period. This also eliminates the need to list these other pathways to leadership.
	B. With respect to candidates for a Regional Director position, all qualifications relating to current or past membership in a Member Board or Region must be within the Region from which the candidate is nominated.	Article VII, Section 2(former B): Language no longer needed under the new structure of eight At-Large Directors.
	CB. If a Member Board regulates professions in addition to the profession of architecture, the candidate will qualify as a member or former member of a Member Board only if the candidate is or was an architect-member or a public member of the architect section of the Member Board.

ARTICLE VII —THE BOARD OF DIRECTORS (continued)	A. The term of office and Election.  A. The term of office of a Member  Board Executive Director or Public  and Member Board Executive  Director shall be one year (from the adjournment of the Annual Business Meeting at which they are elected to serve or, in the case of President/Chair of the Board and Immediate Past President, succeeds to office, until the adjournment of the next Annual Business Meeting or and until their successor is duly elected and succeeds to office). No person shall serve more than two terms in succession as a Regional Director or three terms in succession as a Member Board Executive Director or Public Director; provided, however, that service as an Elected Officer and Immediate Past President shall not count against such limits.	Article VII, Section 3: Former Section 3 is being split into Sections 3(A), (B) and (C). The proposed terms of office will remain one year for the Public and MBE Directors with a limit of three terms.  Exception language pertaining to the President, Immediate Past President and Elected Officers is removed for clarity so that item A pertains only to the Public and MBE Director positions. Reference to Regional Directors is removed in accordance with changes previously explained. Reference to other Board positions is added below.

ARTICLE VII —THE BOARD OF DIRECTORS (continued)	A. Vacancies in the office of anythe Regional Director or Member Board Executive Director shall be filled by an appointee nominated by the Region or the Member Board Executive community respectively and appointed by the Board of Directors to hold office from the time of such appointment until the completion of the term to which such person has been appointed adjournment of the next Annual Business Meeting.	Article VII, Section 6(A): This section now pertains only to the MBE Director position.
	B. Vacancies in the office of the Public Director, and Elected Officers other than First Vice President/ President-Elect and President/Chair of the Boardthe Secretary/Treasurer, or an At-Large Director shall be filled by an appointee designated by the Board of Directors to hold office from the time of such appointment until the completion of the term to which such person has been appointed adjournment of the next Annual Business Meeting.	Article VII, Section 6, (new B, formerly part of 6(A)): As previously written, this section pertained to the Public Director, Secretary, Treasurer, and the Second Vice President. ("Elected Officers other than the First Vice Presidentand President" – now deleted.)  New language adds the At-Large Director position and merges the Secretary/Treasurer positions for this section.  Previously all Directors served one-year terms, but now that At-Large Directors will serve a two-year term, language has been updated to clarify that someone filling a vacancy will complete the remainder of the vacant term. This is needed to preserve the staggered terms of At-Large Directors.

**PROPOSED TRANSITION MODEL** 

#### **APPENDIX G:**

#### **PROPOSED Transition Model**

The governance structure proposed in Resolution 2023-E will take several years to implement, beginning with elections at the June 2024 ABM. The final transition step occurs at the June 2027 ABM.

A new Article XV has been added to the *Bylaws* to describe each step of the transition plan. A step-by-step guide begins on the next page.

No Changes will impact the 2023 Annual Business Meeting in Tampa

#### **Transition Model: Step-by-Step Guide**

June 2023 – No changes, normal elections

- 14 positions
- Six officers, six regional directors, MBE director, public director.
- Elections:
  - New regional directors will be elected to a first term in 2023 for Regions 1, 3, and 6 as Janet Hansen, Richard McNeel, and Sylvia Kwan complete their final terms as regional directors.
  - O Directors for Regions 2, 4 and 5 (George Miller, Meg Parsons, and Lenora Isom) are eligible for election to a second term.
  - Gary Ey will have completed his third term as public director, so a new public director will be elected in 2023.
  - o Cathe Evans is eligible for election to a third term as MBE director.

#### June 2024

- What's different?
  - One less officer position—the secretary/treasurer position merges in this year.
  - Seven at-large director positions begin (to keep the total Board size at 14 people). No regional director position.
    - However, regional directors who were elected to a first term in 2023 (Regions 1, 3, and 6, shown as individuals K, M, and P on the attached matrix) will be eligible for election, for a second year, to serve an abbreviated one-year term as an at-large director. This allows those regional directors to serve a second year on the Board and supports the implementation of staggered terms for the at-large directors.
- 14 positions
  - o Five officers, 7 at-large positions, MBE director, public director.
- Elections
  - o There will be no officer elections in 2024.
    - The secretary elected in 2023 will serve in the newly merged secretary/treasurer role.
    - All other officer positions will automatically advance to the next role in 2024.
      - 2023 treasurer to second vice president.
      - 2023 second vice president to newly titled vice president position.
      - 2023 vice president to newly title president position.
      - 2023 president to immediate past president.
  - Four at-large directors will be elected to a two-year term (shown as positions S, T, U, and V on the attached matrix).
    - Board leadership will identify knowledge and skills needed for the Board in the coming term.

- The Credentials Committee will release a call for applications for these new positions.
- A new MBE director (position W on the attached matrix) will be elected as Cathe Evans completes her third term.

#### June 2025

- What's different?
  - o Election for the first secretary/treasurer in the merged role.
- 14 positions
  - o Five officers, 7 at-large positions, MBE director, public director.
- Elections
  - An election for secretary/treasurer will be held.
  - o Three at-large positions will be elected to a two-year term (Positions X, Y, and Z).
  - o For simplicity, the matrix assumes the MBE director is elected for a second term.
  - o For simplicity, the matrix assumes the public director is elected for a third term.

#### June 2026

- What's different?
  - One less member on the Board of Directors for this year.
    - To ensure staggered terms for at-large directors, where four positions turn over each year, it is necessary to hold off on filling one at-large position for one year.
  - o The second vice president position is eliminated.
  - o No election for secretary/treasurer in this year.
    - The secretary/treasurer elected in 2025 will hold for one year rather than advancing to the eliminated second vice president position.
- 13 positions
  - o Four officers, 7 at-large positions, MBE director, public director.
- Elections
  - Four at-large directors will be elected to a two-year term (Positions AA, BB, CC and DD).
  - New public director elected (position EE), assuming previous public director was elected to third, and final, term in 2025.
  - For simplicity, the matrix shows the MBE director is elected for a third and final term.

#### June 2027

- What's different?
  - o Full implementation of the new governance structure this year.
- 14 positions
  - o Four officers, eight at-large positions, MBE director, public director.
- Elections
  - o Secretary/treasurer election occurs in 2027 and will now be an annual election.

- Four at-large positions will be elected to a two-year term (Positions FF, GG, HH, II).
- o For simplicity, the matrix shows the public director is elected for a second term.
- Assuming the previous MBE director served three terms, a new one is elected in 2027 (position JJ).
- o Transition is complete and Article XV of the *Bylaws* is sunset.

# Region 6 Strategic Plan 2023 Action Report

# PRINCIPLES

## **WCARB**

The mission of the Western Region shall be to collaborate as a conference of Member Boards to protect the public's health, safety, and welfare by participating in the development of effective regulations and exemplary standards for the practice of architecture.

#### **EDUCATE**

It is essential that WCARB Board Member & Executives stay abreast of contemporary regulatory and legal issues, expand individual knowledge related to all aspects of architectural practice so as to exemplify professional continuing education and life long learning.

#### **STRATEGIES:**

- A: Create high quality education programs.
- B: Track and Influence Legal Issues.
- C: Promote lifelong learning and service.

#### COLLABORATE

One of WCARB's greatest strengths is its multi-faceted diversity. Sharing information and best practices among 13 jurisdictions of the region benefits all boards and members, and strengthens understanding of many unique aspects of culture, politics, ethnicity, gender, and architectural practice.

#### **STRATEGIES:**

- A: Share Best Practices between States.
- B: Collaborate with other Regions.
- C: Facilitating Reciprocity.

#### **INFLUENCE**

WCARB is committed to being an actively involved region of NCARB for the purpose of promoting Practice of Architecture through the licensing of qualified individuals. Encouraging service on committees, growing leadership, and communicating important regional issues will ensure that the region's work remains relevant and effective.

#### **STRATEGIES:**

- A) Encourage WCARB member service on WCARB & NCARB committees.
- B) Develop resolutions to improve WCARB and NCARB.
- C) Promote diversity at all levels

**OBJECTIVE 1, EDUCATE:** It is essential that WCARB Board members and Executives stay abreast of contemporary regulatory and legal issues, and expand individual knowledge related to all aspects of architectural practice and to exemplify professional continuing education and life-long learning.

### a. Create high quality education programs.
